## **Tamco Switchgear, Malaysia recipient of 2016 Frost & Sullivan Malaysia MV Switchgear Company of the Year Award**

Tamco Switchgear, Malaysia, was feted with the prestigious 2016 Frost & Sullivan (F&S) Malaysia Excellence Award in the Energy category on April 14, 2016 in Kuala Lumpur. The awards ceremony event had a date with history as it coincided with Tamco's date of incorporation 50 years' back in Malaysia.

Established as a leader of MV Switchgear in Malaysia and among the top players in South East Asia, the award positions Tamco as an outstanding company that has excelled in its business segment, and is noted for its efforts to improve the industry as a whole.

Mr. Razali Budin, Director of Tamco Switchgear received the award from Frost & Sullivan's Head of Research Practice for awards and best practices - Mr. Sapan Agarwal.

Tamco emerged on top after going through a comprehensive awards process. The companies were evaluated on their revenues, market share, capabilities, and overall contribution to the industry. The shortlisted companies were then interviewed, and the analysts compared the data with proprietary Frost & Sullivan resources, as well as secondary research available from public sources. The findings of the detailed evaluation were presented to a panel of independent judges comprising influential personalities and leaders in Malaysia, to decide the recipient for each category.

The Malaysia Excellence Awards now in its 12th consecutive year, seeks to recognise companies and individuals that have pushed the boundaries of excellence and risen above the competition by demonstrating outstanding performance in Malaysia. First founded in 2005, the Malaysia Awards programme began as the Malaysia Telecoms Awards, which focused on showcasing outstanding IT and Telecommunications companies in the Malaysian market. In 2010, the Awards programme was expanded to the Malaysia Excellence Awards, to also include other prominent companies in Malaysia from other sectors.
