

Top honours at 52nd SAVE International Conference, USA

Society of American Value Engineers (SAVE) International - USA invites papers from different SAVE affiliate countries as well as sponsors the visit of the best paper presenter from Indian Value Engineering Society (INVEST) to its annual conference. E&A's winning the Second best paper presentation award at INVEST's 27th International Conference at Bangalore during December 2011 led to its sponsorship for participation at the 52nd SAVE International Annual Conference at Orlando, USA between June

11 - 14. The author of the technical paper - Mr. S. S. Ahluwalia, DGM, Technical Excellence, ESP received a standing ovation for his presentation on "VE Project supporting Economic, Environmental

& Social Sustainability

of Business". He also participated in the 'Story Board Competition' organized for the first time in SAVE conference to give participants an opportunity to pictorially depict any specific project to the elite gathering of VE practitioners from across the world. His entry on "Differential Silver Plating of Contact Finger used in Air Circuit Breaker", along with one from Bhilai Steel plant shared the top honour in the competition.

Mr. John E. Sloggy, VP-SAVE International (Marketing & Communications) congratulates Mr. S. S. Ahluwalia, DGM, Technical Excellence, ESP
