## Precision Machining Centre Wins India Manufacturing Excellence Award

The Precision Machining Centre (PMC) of E&A's Engineered Tooling Solutions at Coimbatore won the prestigious India Manufacturing Excellence Award (IMEA) 2011 in the category of Small Enterprises. PMC won the Platinum award which is the highest category of IMEA award.

Hosted by *The Economic Times* in collaboration with Frost & Sullivan (F&S) - an international business research & consulting firm, IMEA is acknowledged as the country's largest unbiased and credible on-

site audit of manufacturing practices with respect to leanness and flexibility, benchmarked against global standards. For facilitating a practical maturity roadmap, F&S assessment model evaluates 12 parameters critical to development of an organisation that is well aligned to customer needs.

At a glittering ceremony held on December 2, 2011 in Mumbai, the jubilant PMC team received the award from Mr. Anand Rangachary, Managing Director - South Asia & Middle East, Frost & Sullivan and Mr. Sriram Ramakrishnan, Resident Editor of *The Economic Times*.

*Proud Moment: (R to L) Mr. Kiran P. Wagle, Mr. Abhijit S. Kothawale, Mr. Omkar S. Rao, Mr. Suryakant K. Pawar along with Mr. Sriram Ramakrishnan & Mr. Anand Rangachary.*
