L&T Bags AED 187 Million Order

Mumbai, June 7, 2007: Larsen & Toubro Limited (L&T) has been awarded Letter of Intent from ENOC Processing Company LLC (EPCL), Dubai, UAE, for the mechanical erection of the new process plants of their naphtha hydro-treated reformer project. The estimated value of the contract is UAE Dirham (AED) 187.67 million (USD 51 million).

The project comprises fabrication and erection of piping, equipment and structural erection and other associated works for the new units constituting inter-connecting piping, LPG naphtha HTV/ splitter unit, CCR reformer unit, diesel drying unit, LPG fractionation unit, and HC flare.

Background:

Larsen & Toubro Limited is a USD 5 billion technology, engineering and construction company with global operations. It is one of the largest and most respected companies in India's private sector.

A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business across seven decades. L&T has distinguished records of achievements including the world's largest coal gasifier, India's first indigenous hydrocracker reactor, oil and gas platform projects executed to global benchmarks and the world's largest Continuous Catalyst Regeneration reactor.
