L&T secures Rs. 3,110 million (USD 78.8 million) order for 66/11 kV Substation works in Qatar

Mumbai, February 14, Larsen & Toubro Limited (L&T) has secured an order valued at Rs. 3,110 million (Rs. 311 crore / USD 78.8 million / QR 287 million) from the Qatar General Electricity and Water Corporation (KAHRAMAA) for the Design, Supply, Installation and Commissioning of five 66/11 substations at Qatar, as a part of the KAHRAMAA Phase VIII.

The Package consists of 66/11 kV Gas insulated switchgear, 11 kV Metal Clad Air insulated switchgear, 50/60MVA 66/11 kV transformers, Substation Control System, Protection Systems, DC System and auxiliaries. The contract also encompasses design and construction of substation buildings together with associated utilities such as air conditioning, fire fighting and lighting systems. All five substations are to be completed in a time frame of 27 months.

KAHRAMAA is the government body of Qatar for Transmission & Distribution of Electricity and has further ambitious expansion plans in the near future. M/s Mott MacDonald is the consultant for the project.

Announcing the receipt of the order, Mr. K. V. Rangaswami, President (Construction) and Member of the Board, L&T, said “This is a major breakthrough for L&T’s Power Transmission & Distribution Sector in Qatar. KAHRAMAA in its Phase VIII for the first time invited Non OEM EPC Contractors also to bid for the tender, enabling L&T to enter this market. The order has been secured against stiff competition from many international players in the field”.

Background:

L&T is a USD 5 billion technology, engineering and construction company, with global operations. It is one of the largest and most respected companies in India’s private sector.

A strong, customer-focussed approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business over seven decades.
