L&T Bags SCADA Systems Contract from ONGC

Mumbai, March 10, The Electrical & Electronics Division (EBG) of Larsen & Toubro Limited (L&T) has been awarded the prestigious contract for SCADA system for Onshore Control Centres (OCC) for offshore operations by Oil and Natural Gas Corporation (ONGC). The contract is worth Rs. 747 million (Rs. 74.7 crore). L&T has been awarded this project by outbidding international competitors.

The system will be used for issuance of Emergency Shut Down (ESD) commands to 133 well platforms as well as 13 process platforms from OCC or from nearby process platform in case of an emergency for ensuring the safety of offshore operations and operating people. It will also be used for disaster recovery in case of natural calamities.

The project involves setting up state-of-the-art control centres, collaboration rooms for 24x7 hours operation and monitoring, video conferencing with offshore process complexes and drilling rigs, monitoring of rotating equipment data from process platforms, integration with various third party system like SCADA (production, drilling, lift optimization and ESP data), VRC (sub-surface data), VATMS (logistic data), IAM (integrated asset management), monitoring status feedback of critical shutdown valves on process platforms and running status of all critical rotating equipment.

The scope of work involves design, engineering, construction, installation and commissioning of OCC in Mumbai and offshore locations. The project will be completed in 11 months.

ONGC, a premier Public Sector Undertaking in India, is a major in upstream oil & gas exploration and production and is involved in hydrocarbon exploration in both onshore and offshore fields.

Background:

L&T group is a USD 6 billion Technology, Engineering and Construction Company with global operations. It is one of the largest and most respected companies in Indian Private Sector.

A strong customer focused approach and the constant quest for top class technology and quality have enabled L&T to attain and sustain leadership in its major lines of business over past seven decades.
