## L&T Construction Wins ₹ 8250 Cr Riyadh Metro Project

*Order part of \$5.9 Billion Deal Awarded to Consortium*

**Mumbai, July 29, 2013:** The Heavy Civil Infrastructure Business of L&T Construction has taken the lead and made a major breakthrough in the international market by securing an order worth **USD 1403 Million (approx. ₹ 8250 Crores)** from the ArRiyadh Development Authority, Kingdom of Saudi Arabia for the design, construction and commissioning of a metro project in Riyadh, Saudi Arabia.

The Letter of Award was issued to the consortium by His Royal Highness Prince Khalid bin Bandar bin Abdulaziz Al Saud, Chairman of the ministerial committee for the Riyadh Public Transport Project and Chairman of the High Commission for the development of ArRiyadh on 28<sup>th</sup> July'13 in a ceremony held at Riyadh.

L&T secured the order as a JV partner of ArRiyadh New Mobility Consortium. The total value of order is **USD 5941.93 Million (approx. ₹ 35,000 Crores)**. The consortium comprises Larsen & Toubro Limited, Ansaldo STS, Italy, Bombardier Transportation Ltd, UK, Impregilo S.p.A, Italy, Nesma & Partners- Saudi Arabia.

The project is to be implemented during a period of four (4) years, which will be preceded by eight (8) months to prepare the detailed designs and to carry out the enabling works, the coordination for utilities diversion and the site preparation works, and followed by (4) months for system demonstration, trial runs and project handing over. The scope involves design, construction and commissioning of Line 3 (41 km of Driverless Train Operation) to carry approximately 5000 passengers per hour per direction. The contract includes construction of bridges, tunnels, elevated & underground stations, depots, roads, systems for CCTV and public announcements, SCADA with allied systems, etc. This project would be the first of its kind in the Kingdom.

The rail systems will be undertaken by Ansaldo STS and rolling stock by Bombardier Transportation Ltd. The entire infrastructure facilities together with electromechanical and plumbing systems will be executed by the integrated joint venture comprising L&T, Impregilo and Nesma. The Consortium's design & engineering will be by Hyder & Idom and the Project Management will be done by Worley Parsons.

This order was won against stiff global competition. It aligns well with L&T's expansion plans in the international arena.

**Background:**

Larsen & Toubro is a **USD 14 billion** technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. It is ranked 4th in the global list of Green Companies in the industrial sector by the reputed international magazine *Newsweek*, and ranked the world's 9th Most Innovative Company by *Forbes International*.
