L&T wins INR 415 Cr order from Hindalco and Sepco-I for thermal power plant construction

Mumbai December 2, 2010: Larsen and Toubro has recently bagged two orders amounting to INR 415 crores from Hindalco and Sepco-I. The Hindalco order worth INR 253 crores is for carrying out structural steel works for the 6x150 MW captive power plant in Orissa. The Sepco-I order valued at INR 162 crores is for the erection of boilers for their 2x660 MW Talwandi Sabo Power plant, developed by Sterlite Energy Limited in Punjab. Sepco- I had already awarded INR225 crores to L&T during the first quarter of this year for carrying out civil works for this project.

L&T's association with the construction of gas and coal based power plants in India and abroad spans nearly six decades. The company enjoys a leadership position in the erection of power plants in the country. Besides having an excellent track record of timely completion of projects with good quality and safety records, the company has won several domestic as well as international awards for Occupational Health and Safety. L&T has successfully executed projects for public sector units, state electricity boards, independent power producers and global EPC players in power generation domain.

Background:

Larsen & Toubro Limited is a USD 9.8 billion technology, engineering & construction group with global operations. It is one of the largest and most respected companies in the power sector. A strong customer-focused approach and constant quest for top class quality has enabled L&T to attain and sustain leadership position in its major lines of business for over seven decades.
