L&T wins Orders worth Rs. 853 Cr for Coal Handling Plants

Mumbai, Aug 5, Larsen & Toubro Limited (L&T) has secured Rs. 364 Cr order from UP Rajya Vidyut Utpadam Nigam (UPRVUNL) Limited during the first quarter of FY 09-10 for setting up Coal Handling Plant at Anpara, UP and another contract for Rs 489 Cr from Neyveli Lignite Corporation Limited (NLC) for setting up Coal Handling Plant at Tuticorin, Tamil Nadu.

UPRVUNL is setting up Stage D, 2 x 500 MW Anpara Thermal Power Project under expansion scheme, set to complete in 31 months.

NLC is setting up 2 x 500 MW Project at Tuticorin in Tamil Nadu. This green-field project is being developed by a Joint Venture of NLC & Tamil Nadu Electricity Board [TNEB] and is scheduled for completion in 29 months for unit 1 and 33 months for unit 2.

The scope of work of these two contracts includes basic & detail engineering; supply, erection of mechanical, electrical & instrumentation works; complete civil & structural works; testing & commissioning.

The projects will be implemented by the Metallurgical Material Handling & Water Operating Company (MMHW) of Larsen & Toubro's ECC Division.

The Bulk Material Handling Business Unit of L&T is a leader in its field, executing projects of very high capacity material handling systems combining quality and operational reliability. The Business Unit is also well known for timely completion of their complex projects, some of them executed even in the most inhospitable terrains.

Background:

L&T is a USD 8.5 billion Technology, Engineering & Construction Company with global operations. It is one of the largest & most respected companies in Indian Private Sector.

A strong customer focused approach & the constant quest for top class technology & quality have enabled L&T to attain & sustain leadership in its major lines of business over past seven decades.
