L&T METRO RAIL WINS IT AWARDS

Hybrid IT Project of the Year & IT Genius Award

L&T Metro Rail (Hyderabad) Limited (L&TMRHL) is happy to announce it has won two prestigious IT Awards '*Hybrid IT Project of the Year*' for smooth migration into Cloud and '*IT Genius Award*' in the category of Cloud Excellence.

These awards were possible due to the proper planning, understanding of the emerging risks & vulnerabilities, possible countermeasures of Cloud computing which resulted in seamless data migration/integration with minimal downtime, easy restoration and emergency / crisis, strict project monitoring & execution.

Also, strategic and effective co-ordination between migration partners, support partners, business users and various teams helped in overcoming the challenges & achieving the desired goal. As per ISMS 27001 standards, we ensured application protection, perimeter and gateway level network protection and taking adequate measures in web & email security, Cloud and end point protection.

L&TMRHL's project was chosen amongst a competition of over 2000 entries from the Data Center Projects in India that have used the available resources intelligently to provide organizations with more agility, availability, improved risk profile and better corporate outcomes.

On this occasion, **Mr. KVB Reddy, MD & CEO, L&TMRHL** stated, "*In the modern world, Information Technology plays a key role and in the success of any organization and business continuity. It can make companies vulnerable to risks and emergencies if not handled securely. Hence our endeavour has always been to strictly monitor and upgrade our IT system. These IT awards for L&TMRHL reinstate our commitment to use and provide best in class technology and its implementation in the project. I congratulate each and every one who has strived for making this happen.*"

Mr. Anirban Sinha, Head, Enterprise IT, L&TMRHL was felicitated in the 3rd edition of IT Genius Awards Ceremony with the prestigious 'IT Genius Award' in the category of 'Cloud Excellence' for its Hybrid IT Project at the 7th edition of CIO CROWN 2019 instituted by Core Media. Anirban received the prestigious award in the midst of an august gathering of top CIO's of the Country at a glittering ceremony recently in Mumbai. The IT Genius Awards are awarded to those who have done path-breaking innovations that are ingenious in nature and thereby bringing immense value to their enterprise. The awards recognize ICT leaders who have implemented transformational, critical and disruptive projects with revolutionary impact.

DCD – Data Centre Dynamics is a global B2B events and media company, delivering unmatched insight and networking, to help the professionals driving the data center scale IT infrastructure sector to make better strategic and operational decisions.

CORE Media (Centre of Recognition & Excellence) is a multi-platform new age niche media company that owns and operates proprietary marketing events, account-based marketing (ABM) solutions and digital platforms with a focus on ICT Enterprises, the CIO Community and Technology Start-up's.
