L&T Construction awarded (*Significant) contracts for its various businesses

Mumbai, September 16, 2019: The construction arm of L&T has secured orders from prestigious clients across various Indian states for its varied businesses.

The Water and Effluent Treatment business has secured an Engineering, Procurement & Construction order from the West Bengal Public Health Engineering Department, funded by Asian Development Bank (ADB) for “Construction of an Intermediate Pumping Station, Secondary Transmission Mains, Overhead Tanks, Water Distribution Network & Metering works including 2 years of Operation & Maintenance in the Nandigram-I and Nandigram-II blocks of East Medinipur, West Bengal”.

The scope of work includes Design & Construction of two ground level storage reservoir cum Intermediate Booster Pumping Station of total capacity 6,800 KL, 29 RCC Over Head Reservoirs of aggregate capacity 22,950 KL, Supply & Laying of Transmission & Distribution pipelines of total 1,835 Km length, associated Electromechanical & Instrumentation works and 90,000 House Service Connections with Operation & Maintenance for two years. The project is being implemented to cater continuous (24x7) water supply to the Nandigram I & II blocks and will involve automation including measurement of input & output water quantity through suitable SCADA & other instrumentation works, aimed at limiting the water losses in the system to desired levels.

Additionally, the construction arm has received various add-on orders for some of its existing projects across the Heavy Civil infrastructure and Metallurgy and Material Handling (MMH) businesses.

Background:

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 21 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
