

## L&T Tops In Infra Sector Rankings

In yet another feat, Larsen & Toubro has ranked 1st among all infrastructure companies in India for the year 2019.

Construction Week, India flagship magazine by a global publishing house, has bestowed the top rank on L&T in an extensive exercise of listing Top 50 real estate and infrastructure companies.

**RANK 1**  
**LARSEN & TOUBRO**  
SN Subrahmanyam (SNS), CEO & MD

There could be no doubt about it. Larsen & Toubro stood tall just like its Statue of Unity. Sometimes, it's hard to figure out whether a single day goes by when it has not bagged any project in any part of the world. The list is endless. What is more, the infrastructure and construction behemoth has some outstanding and out-of-this-world projects to its credit.

Recently, Larsen & Toubro's hydrocarbon arm bagged a project worth over Rs 7,000 crore from state run-Hindustan Petroleum Corporation.

It also launched its flagship CSR programme for imparting STEM (Science, Technology, Engineering and Mathematics) education in 20 Tamil Nadu government-run schools in Chennai. Titled as 'Engineering Futures,' the programme will be extended to 83 government schools across five states of Tamil Nadu, Gujarat, Maharashtra, Haryana, Rajasthan and a Union Territory of Pondicherry in the current financial year.

The engineering and construction major has won contracts worth up to Rs 2,500 crore from domestic and international markets. The construction arm of L&T has won contracts for 400kV transmission line in Mozambique and for 220kV project in the UAE. On the domestic front, an order has been secured for modernising the electrical distribution network in several sectors of Gurugram Smart City in Haryana.

The rankings have been announced in the 11th anniversary special edition of the magazine this November.

The parameters for the rankings included number of projects, timely completion, use of technology, social initiatives, best practices, etc. L&T Realty has been separately ranked 13th in the list of top real estate companies.

## L&T Climbs Up In List Of Most Valuable Companies

Despite the prevailing tough economic conditions, L&T has improved its ranking among India's 500 most valuable companies in 2019.

L&T has climbed up one step and is now ranked 12th in the list released by leading magazine, Business Today, in Dec edition. It is the only infrastructure company to find a place in top 15.

The list is topped by Reliance Industries; Wipro, Bharti Airtel, ONGC, Nestle India, etc. have ranked behind L&T.

As regards the selection parameters, L&T came 8th in gross income, and 17th in profit after tax in the 2018-19 fiscal year. It occupied the 10th slot among all companies in terms of total assets.
