

## Press Release

Issued by LTMRHL Corporate Communications Department L&TMRHL/CCD/PR/113/21112019

# **CEIG INSPECTED JBS - PARADE GROUNDS TO MGBS OVERHEAD ELECTRIC TRACTION SYSTEM (OETS)**

L&T Metro Rail (Hyderabad) Limited (L&TMRHL) is happy to announce **Mr. DVS Raju, Chief Electrical Inspector (CEIG)** to Government of India, for Hyderabad Metro Rail Project, conducted the statutory inspection of Overhead Electric Traction System (OETS) between JBS - Parade Grounds to MGBS in Corridor-II.

The **Overhead Electric Traction System (OETS)** of this 10 Km corridor is fed from the 132kV/33kV/25kV Receiving Substation (RSS) of the Hyderabad Metro Rail at MGBS. Incoming supply to this RSS is drawn from 220kV/132kV main substation of TS TRANSCO located at Imliban.

33 kV/415V Auxiliary power supply substations in Metro stations of this section have already been commissioned.

**Mr. DVS Raju** after conducting the inspection said, *“Energisation of the OETS in this section will facilitate movement of trains for trial runs from JBS - Parade Grounds to MGBS. L&T Metro Rail is moving ahead to complete all statutory requirements in this Corridor at the earliest to make the system ready for commissioning.”*

**Mr. KVB Reddy, MD & CEO, L&TMRHL** stated, *“This is one more step closer to start commercial operations of Corridor II from JBS - Parade Grounds to MGBS. We are thankful to Mr. DVS Raju for inspecting Corridor-II. This will also enable us to test other systems of the metro rail and thereby start trial run as per our commitment to complete all statutory requirements.”*
