L&T Construction awarded (*Significant) contracts for its various businesses

Mumbai, December 04, 2019: The construction arm of L&T has secured orders from prestigious clients across various Indian states for its varied businesses.

Power Transmission and Distribution:

The business has secured various orders both in India and overseas.

In Maharashtra, an empanelment and rate contract has been awarded to provide off-grid DC solar photovoltaic water pumping systems with standalone lighting systems for farmers in the Aurangabad, Nashik and Pune revenue divisions. These systems will have provision for mobile charging, transfer of automated meter reading and water discharge reading data.

In the United Arab Emirates, the business has secured an order for the design, supply and construction of a 132kV Substation project with associated 132kV cabling works from one of the government utilities.

Additional orders have been won in ongoing projects in the Middle East.

Transportation Infrastructure:

The business has secured a major add-on order from an existing client in Qatar for an Expressway.

Additionally, various add-on orders have been received by some existing projects in the Water and Effluent Treatment (WET) and Metallurgical and Material Handling (MMH) businesses.

Background:

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 21 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
