L&T Construction Awarded (*Large) Contracts for its Heavy Civil Infrastructure Business

Mumbai, May 14, 2021: The construction arm of L&T has secured large orders from a prestigious Client for its Heavy Civil Infrastructure business in India.

The Business has secured an order from Chennai Metro Rail Corporation Limited (CMRL) to construct nearly Twelve (12) km Twin Bored tunnels from Kellys station to Taramani Road Junction station. It also involves construction of diaphragm walls of station box and entry / exit structures of Chetpet Metro, Royapettah Govt. Hospital, Thiruvanmiyur Metro Stations and part diaphragm wall of Greenways Road Metro Station, including launching and retrieval shafts in these stations. This underground Metro Rail tunnel package is a part of Corridor 3 of CMRL Phase-II Metro Rail Project and is to be constructed in approximately 52 months by using eight tunnel boring machines working simultaneously in various stretches of the project.

The Business has also secured another order from Chennai Metro Rail Corporation Limited (CMRL) to construct approx 8 Km of elevated Viaduct with 9 elevated Metro Stations starting from Power House to Porur Junction including other associated works. The elevated corridor includes approx. 4 km of double deck construction in which both the decks are used for Metro Rail, which will be the first of its kind in India. This elevated Metro Rail package is a part of Corridor 4 of CMRL Phase-II Metro Rail Project and is to be constructed in 36 Months.

These projects are the first packages of Phase - II which have been awarded by Chennai Metro Rail. Both the projects were bagged under stiff competition from domestic and international metro construction players.

L&T is proud to be associated with Chennai Metro Rail for Phase - II and will deploy the state-of-the-art construction methods and digital technologies to build these prestigious projects.

Background:

Larsen & Toubro is an Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services with over USD 21 billion in revenue. It operates in over 30 countries worldwide.
