## INDEPENDENT AUDITOR'S REPORT

To The Members of of L&T Infrastructure Development Projects Limited

Report on the Audit of the Standalone Ind AS Financial Statements

### Opinion

We have audited the accompanying standalone Ind AS financial statements of L&T Infrastructure Development Projects Limited (**"the Company"**), which comprise the Balance Sheet as at 31 March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information .

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required **by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view** in conformity with the [Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (**"Ind AS"**) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and its loss ,total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in **the Auditor's Responsibility** for the Audit of the Standalone Ind AS Financial Statements section of our report .We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these **requirements and the ICAI's Code of Ethics**. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Emphasis of Matter

We draw attention to

(a) Note 48 of the standalone Ind AS financial statements, , which describes the **management's assessment of the carrying value of investments/receivables as at 31 March 2021**, aggregating Rs. 5,378 lakhs (As at 31 March 2020 : Rs. 5,347 lakhs) relating to a subsidiary of the Company, net of estimated provision for diminution of Rs. 550 lakhs (As at 31 March 2020 Rs. 550 lakhs), engaged in infrastructure project, which has terminated the concession agreement entered into with National Highways Authorities of India (NHAI). The nature of default and the termination amount claimed under the concession agreement has not been accepted by NHAI and arbitration proceedings have been initiated in respect of the disputes relating to the termination payments/claims..

The Company has carried out an assessment of its exposure in this project duly considering the expected outcome of the arbitration proceedings, contractual stipulations/interpretation of the relevant clauses in the aforesaid concession agreement, the expected termination payment to be received by the Company, the possible obligations to lenders, legal advice, etc. and believes that the amount of investments and receivables carried in the books in respect of the subsidiary is good and recoverable and no additional provision/adjustment to the carrying value of the said investments/receivables is considered necessary as at 31 March 2021.

(b) Notes 6E and 6G of the standalone Ind AS financial statements, which describes the **Management's assessment of the carrying value of its investments (net)** aggregating Rs. 911.80 crores (As at 31 March 2020 : Rs. 995.75 crores) and loans & advances (net) aggregating Rs. 121.63 crores (As at 31 March 2020 : Rs. 131.69 crores) relating to six operating subsidiaries of the Company engaged in infrastructure projects whose net worth is eroded/undergoing restructuring due to continuous losses, for a period more than 5 years, as per the audited financial statements of those subsidiaries as at 31 March 2021.

As more fully explained in the note, the Management has, given the uncertainties involved in these estimates and considering the gestation period required for break even for such infrastructure investments and restructuring/refinancing arrangements carried out/proposed, expected improved cash flows in its future business projections thereby concluding that no additional provision/adjustment to the carrying value of the said investments/loans & advances is necessary as at 31 March 2021.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's response
<p><i>Impairment evaluation carried out by Management for investments or advances made to certain operating subsidiaries of the Company engaged in infrastructure projects whose net worth is either fully eroded /undergoing restructuring due to continuous losses for a period more than 5 years.</i></p> <p>The Company has investments aggregating to Rs. 911.80 crores (net of provisions Rs. 918.46 crores) and advances aggregating Rs. 121.63 (net of provisions of Rs. 32.66 crores) with regard to certain operating subsidiaries of the Company engaged in infrastructure projects whose net worth is fully eroded/undergoing restructuring due to continuous losses for a period more than 5 years.</p> <p>The Management has carried out detailed evaluations considering various factors, as explained in Notes 6E and 6G to the standalone Ind AS financial statements and concluded that the carrying value of the net investments and advances are good and recoverable as at 31 March 2021.</p> <p>Due to the multitude of factors and assumptions involved in determining the forecasted revenues/cash flows and discount rate in the projection period, significant judgments are required to estimate the recoverable values. Any adverse changes to these assumptions could result into reduction in such recoverable value becoming lower than the carrying amount. (Refer Notes 6E and 6G to the standalone Ind AS financial statements)</p>	<p>Principal audit procedures performed:</p> <p>We have performed the following procedures:</p> <ol style="list-style-type: none"> <li>a. Evaluated the design and implementation of the relevant controls and the operating effectiveness of such internal controls which inter-alia includes the completeness and accuracy of the input data considered, reasonableness of assumptions considered in determining the future projections and the assumptions considered in preparing the impairment calculations.</li> <li>b. Obtained the investment valuations (prepared by Management or as carried out by Management's external valuation specialist) pertaining to such subsidiaries and performed the following procedures:               <ol style="list-style-type: none"> <li>i. Conducted discussions with Company personnel to identify factors, if any, that should be taken into account in the analysis.</li> <li>ii. Compared the actual revenues and cash flows generated by the subsidiaries during the year as to the projections and estimates considered in the previous year .</li> <li>iii. Verified the estimated traffic movement in the projections with that as per Management assessment based on the internal projections, as the basis of future cash projections/revenue.</li> <li>iv. Evaluated and tested the appropriateness of key assumptions considered by the Management, including discount rate, growth rate, etc. duly considering the impact of the COVID-19 pandemic and also considering the <b>historical accuracy of the Company's</b> estimates in the prior periods, consultations with internal specialists and comparison of the assumptions with public data, wherever available.</li> </ol> </li> </ol>
<p><i>Impairment evaluation carried out by Management towards investments/ advances in subsidiary engaged in infrastructure project which has terminated its concession agreement entered into with National Highways Authorities of India (NHAI)</i></p> <p>The Company has net investment and receivables, aggregating Rs. 53.78 crores (As at 31 March 2020 : Rs. 53.47 crores), from a subsidiary who has terminated its concession agreement with NHAI, stating default by NHAI and submitted claims to recover dues from NHAI. The nature of default and the termination amount claimed</p>	<p>Principal audit procedures performed:</p> <p>We have performed the following procedures:</p> <ol style="list-style-type: none"> <li>a. Evaluated the design and implementation of the relevant controls and the operating effectiveness of such internal controls over the assessment of claims relating to subsidiaries who have terminated their concession agreements by the claims &amp; contracts department/ legal department in determining the validity and basis of claim.</li> </ol>

<p>by the subsidiary under the concession agreements has not been accepted by NHAJ and accordingly arbitration proceedings have been initiated.</p> <p>The Management has carried out detailed evaluations considering its legal position based on the contractual stipulations/interpretations and the outcome of the arbitration proceeding, as explained in Note 48 to the standalone Ind AS financial statements, and concluded that the carrying value of the investments and receivables, as at 31 March 2021, from such subsidiary are good and recoverable.</p> <p>The recoverability of the compensation claim involves complex legal issues as well as various assumptions, requiring significant judgment in determining the compensation recoverable. Any adverse change to these assumptions could result into reduction in the compensation claim determined resulting in recoverable value of the investments/advances becoming lower than the carrying amount. (Refer Note 48 of the standalone Ind AS Financial Statements).</p>	<p>b. We obtained the related documents supporting such claims and any counter claims and performed the following procedures:</p> <p>i. examined the documents/rationale used by the claims &amp; contracts department/legal department with regard to the ongoing arbitrations and verified that the claim is a contractually valid claim.</p> <p>ii. We carried out inquiries with key management personnel overseeing the arbitration process to understand the status of the claims and examined the minutes of the meetings, as available.</p> <p>iii. We obtained legal note from the legal department of the Company with regard to the termination compensation as in arbitration award to understand the basis supporting.</p> <p>iv. <b>We examined the Management’s assessment</b> of the probability of recoverability of its termination claims and the counter claims to verify if the assessment was consistent with the inquiries made and confirmation of legal position received from Management.</p>

**Information Other than the Financial Statements and Auditor’s Report Thereon**  
The

- **Company’s Board of Directors is responsible for the other information. The other information comprises the [information included in the Board’s report, but does not include the consolidated financial statements, standalone Ind AS financial statements and our auditor’s report thereon.**
- Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

### **Management's Responsibility for the Standalone Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS Financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS Financial statements, management is **responsible for assessing the Company's ability to continue as a going concern**, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Standalone Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS Financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

# Deloitte Haskins & Sells LLP

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- **Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS Financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.**
- Evaluate the overall presentation, structure and content of the standalone Ind AS Financial statements, including the disclosures, and whether the standalone Ind AS Financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS Financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS Financial statements of the current period and are therefore the key audit matters. We describe **these matters in our auditor's report unless law or regulation precludes public disclosure** about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

We have audited the internal financial controls over financial reporting of L&T Infrastructure Development Projects Limited ("**the Company**") as of **31 March 2021** in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date .

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India .These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including **adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.**

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures **selected depend on the auditor's judgement**, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on **the Company's internal financial controls system** over financial reporting.

## Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021

### 1 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements.

#### A Basis of accounting and preparation of financial statements

##### (a) Compliance with Ind AS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act.

The financial statements have been prepared in accordance with Division III of Schedule III of Companies Act, 2013 vide Notification No. GSR.1022(E) dated October 11, 2018, issued by Ministry of Corporate Affairs, Government of India for Non-Banking Finance Company (NBFC).

##### (b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for certain financial statements which are measured at fair value as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

##### (c) Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Estimates and underlying assumptions are reviewed on an ongoing basis. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, fair value measurement etc.

##### (d) Measurement of fair values

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 are inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 are inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### B Presentation of financial statements

The Balance Sheet, Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended).

Currency of the primary economic environment in which the Company operates is Indian Rupee (INR) Crores (rounded off to two decimals) in which the Company primarily generates and expenses cash. Accordingly, the Management has assessed its functional currency to be Indian Rupee (INR). Amounts in the financial statements are presented in Indian Rupees Crores since the management is of the view that presenting the same will result in better qualitative presentation of the financial statements.

#### C Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are exclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

## L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED

### Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021

- a) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest is accrued on time proportion basis, by reference to the principle outstanding at the effective interest rate.
- b) Contract revenue for fixed price contracts is recognised only to the extent of cost incurred that it is probable will be recoverable till such time the outcome of the job cannot be ascertained reliably. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. The company recognized revenue to the extent of performance obligations completed. Unbilled revenue represents value of services performed in accordance with the contract terms but not billed.

For the purposes of recognising revenue, contract revenue comprises the initial amount of revenue agreed in the contract, the variations in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and they are capable of being reliably measured.

For this purpose, actual cost includes cost of land and developmental rights but excludes borrowing cost. Expected loss, if any, on the construction activity is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense in the Statement of Profit and Loss in the period in which such probability occurs.

- c) Income from operation and maintenance services provided to Subsidiaries are accounted for to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.
- d) Income from advisory services are accounted for to the extent that it is probable that the economic benefits will flow to the Company, the right to receive such income arises and the revenue can be reliably measured.
- e) Revenue from windmill operations is recognised based on contractual agreements.
- f) Dividend income is recognised when the right to receive the same is established by the reporting date.
- g) Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

#### **D Cash and bank balances**

Cash and bank balances include cash and cash equivalents and other bank balances. Cash and cash equivalents include cash on hand, balances with banks and highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturity of three months or less from the date of purchase. Other bank balances includes fixed deposits with original maturity of more than three months from the date of purchase.

#### **E Statement of cash flows**

Statement of cash flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- (a) transactions of a non-cash nature;
- (b) any deferrals or accruals of past or future operating cash receipts or payments and,
- (c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

#### **F Property, plant and equipment (PPE)**

PPE is recognized when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and cumulative impairment. Historical cost includes expenditure that is directly attributable to acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Properties in the course for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes expenditure that is directly attributable and for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and assets under construction) less their residual values over their useful lives, specified in Schedule II to the Companies Act, 2013 or in the case of assets where the useful life is determined by technical (management) evaluation, over the useful life so determined, using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with the effect of any changes in estimate accounted for on a prospective basis.

**L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED**

Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021

The estimated useful lives of the assets as per management evaluation are as follows:

Category of Property, plant and equipment	Estimated useful life (in years)
Buildings including flats in the name of the Company	50
<b>Plant and equipment:</b>	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
<b>Furniture and fixtures</b>	10
<b>Vehicles:</b>	
Motor cars (other than those under the Company owned car scheme)	7
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Vehicles under Company Owned Car Scheme (COCS)	5
<b>Office equipment:</b>	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
<b>Computers:</b>	
Servers and systems	6
Desktops, laptops, etc,	3
Electrical installations	10

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement or profit and loss.

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

**G Investment property**

Properties held to earn rentals and/or capital appreciation are classified as investment property and are measured and reported at cost, including transaction costs. Depreciation is recognised using straight line method so as to write off the cost of the investment property less their residual values over their useful lives specified in Schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation, over the useful life so determined. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of the future benefits embodied in the investment property. The estimated useful life and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful life/ residual value is accounted on prospective basis. Freehold land and properties under construction are not depreciated. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

**H Exceptional items**

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

**I Intangible assets**

Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortization and cumulative impairment. Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are amortised on straight line basis over the estimated useful life. The method of amortisation and useful life are reviewed at the end of each accounting year with the effect of any changes in the estimate being accounted for on a prospective basis.

Intangible assets are derecognised when no future economic benefits are expected from use or disposal and any gain or loss arising on such disposal is determined as the difference between the sale proceeds and the carrying amount of the asset. The amount so ascertained is recognized in the Statement of Profit and Loss

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets under

**J Foreign currency transactions and translations**

- The functional currency of the Company in Indian Rupee
- Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

## L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED

Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021

- c) Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing rate are recognised as income or expense in the period in which they arise except
  - (i) exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs in a foreign currency not translated.
  - (ii) exchange differences on transactions entered into in order to hedge certain foreign currency risks; and
  - (iii) exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

### K Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

#### (i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

#### (ii) Post employment benefits

##### (a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

##### (b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Promoter are the Company's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit or loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

##### (iii) Other long term employee benefits:

The present value of the obligation under long term employee benefit plans such as compensated absences and liability under Retention Pay Scheme is determined based on actuarial valuation using the Projected Unit Credit Method.

## **L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED**

### **Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021**

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurements, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (wherever applicable) are recognized immediately in profit or loss.

Gains or losses on the curtailment or settlement of any long-term employee benefit plan are recognized when the curtailment or settlement occurs. Past service cost is recognized as expense at the earlier of the plan amendment or curtailment and when the Company recognizes related restructuring costs or termination benefits.

#### **(iv) Termination benefits**

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme (if any) are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

#### **L Borrowing costs**

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. A qualifying asset is an asset that necessarily require a substantial period of time to get ready for its intended use for sale. All other borrowing costs are recognized in profit or loss in the year in which they are incurred.

#### **M Segment reporting**

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

Segment accounting policies are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

#### **N Leases**

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cashflows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

## L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED

### Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

#### **O Earnings per share**

Basic earnings per share is computed by dividing the profit / (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit/ loss for the year attributable to the equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of dilutive potential equity shares.

#### **P Taxes on income**

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

Deferred tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity, as applicable.

#### **Q Impairment of assets**

The carrying values of assets/ cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized with indefinite useful life.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows are suitable adjusted for risks specific to the estimated cash flows.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years.

## **L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED**

Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021

### **R Provisions, contingent liabilities and contingent assets**

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed in notes in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or a present obligation arising from past events, when no reliable estimate is possible. Contingent assets are disclosed in the financial statements where an inflow of economic benefits are probable.

### **S Financial Instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. In case of funding to subsidiary companies in the form of interest free or concession loans and preference shares, the excess of the actual amount of the funding over initially measured fair value is accounted as an equity investment (deemed equity).

A financial asset and a financial liability is offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

#### **a) Financial Assets**

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

##### **i. Cash and cash equivalents**

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

##### **ii. Financial assets at amortized cost**

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### **iii. Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The company, on an instrument-wise basis, opts to consider certain investment in equity instruments as measured at fair value through other comprehensive income. These investments are disclosed separately in the financial statements.

##### **iv. Financial assets at fair value through profit or loss (FVTPL)**

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. Eg. Investments in mutual funds.

v. Investment in equity instruments issued by subsidiaries are shown at cost less impairments, if any. In case of funding to subsidiary companies in the form of interest free or concession loans and preference shares, the excess of the actual amount of the funding over initially measured fair value is accounted as an equity investment. A financial asset and a financial liability is offset and presented on net basis in the balance sheet when there is a current legally enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

##### **vi. Impairment of financial assets**

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL.

## L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED

Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument, through the expected life of the financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk has not increased significantly, the Company measures the loss allowance at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of a change in the amount of the expected credit loss. To achieve that, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

### vii. Derecognition of financial asset

A financial asset is primarily derecognised when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with a) the Company has transferred substantially all the risks and rewards of the asset, or b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- on derecognition of a financial asset in its entirety, the difference between the carrying amount measured at the date of derecognition and the consideration received is recognized in the Statement of Profit and Loss.

### b) Financial Liabilities and Equity instruments

All financial liabilities are measured at amortised cost using the effective interest method or at fair value through profit or loss.

#### i. Financial liabilities at fair value through profit or loss

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL. A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition, if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- The financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping provided internally on that basis; or
- It forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognized in profit or loss.

#### ii. Financial liabilities at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Financial guarantee contracts are subsequently measured at the amount of impairment loss allowance, if any, or the amount recognized at inception net of cumulative amortization, whichever is higher. All other financial liabilities are measured at amortized cost using effective interest rate method.

**Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021**

**iii Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company are recognized at the proceeds received.

**iv. Derecognition**

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

- c) Compound financial instruments issued by the Company which can be converted into fixed number of equity shares at the option of the holders irrespective of changes in the fair value of the instrument are accounted by separately recognising the liability and the equity components. The liability component is initially recognised at the fair value of a comparable liability that does not have an equity conversion option. The equity component is initially recognised at the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. The directly attributable transaction costs are allocated to the liability and the equity components in proportion to their initial carrying amounts. Subsequent to initial recognition, the liability component of the compound financial instrument is measured at amortised cost using the effective interest method. The equity component of a compound financial instrument is not remeasured subsequently.

**T Securities premium account**

Securities premium includes the difference between the face value of the equity shares and the consideration received in respect of shares issued.

The issue expenses of securities which qualify as equity instruments are written off against securities premium account.

Premium on buy back of the equity instruments and Compulsorily convertible preference shares is adjusted against securities premium account.

**U Non-current assets held for sale**

Non-current assets and disposal groups are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset (or disposal group) and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification. Non-current assets and disposal groups classified as held for sale are measured at lower of their carrying amount and fair value less costs to sell.

**V Claims**

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

**W Commitments**

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

- (i) Estimated amount of contracts remaining to be executed on capital account and not provided for
- (ii) Uncalled liability on shares and other investments partly paid
- (iii) Funding related commitment to subsidiary, associate and joint venture companies and
- (iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

**L&T INFRASTRUCTURE DEVELOPMENT PROJECTS LIMITED**

**Notes forming part of the standalone Ind AS financial statements for the year ended March 31, 2021**

During the year ended March 31, 2020, the National Company Law Tribunal (NCLT) has allowed the insolvency application filed by a Financial Creditor for initiation of Corporate Insolvency Resolution Process (CIRP) under section 7 of the Insolvency and Bankruptcy Code, 2016 against LTHSTL. Consequently, the Board of the LTHSTL has been suspended and Insolvency Professional has been appointed.

The Company filed appeal to stay the proceedings of above insolvency order before the Honourable Supreme Court of India and the Court has granted order of stay on the proceedings of the CIRP. Based on its assessment, duly considering the ongoing discussions with the lenders and legal advice obtained, the Management expects a favourable outcome of the appeal which is currently pending before the Honourable Supreme Court of India. Hence, the Company continues to consider the LTHSTL as subsidiary as at March 31, 2021.

**Note 6E:**

The Company assesses the recoverability of its investments on an annual basis, duly considering the significant estimates and judgements which inter-alia includes the discounted cash flows determined based on the revenue projections, probable recovery of arbitration claims, impact due to force majeure events and discount rates calculated based on the cost of equity for the applicable investment, adjusted for the proposed restructuring/refinancing. All of these estimates and judgements have inherent uncertainties and the actual results may differ from that estimated as at the date of the Balance sheet.

During the previous year ended March 31, 2020, the Company had revisited the projections made in the prior years by taking into account the probable beneficial results arising from various initiatives undertaken with regard to refinancing of loans taken, submission of claims or pursuing with appropriate authorities on relevant pending claims, so that the financial viability of the project can be improved.

This has resulted in the Company considering an additional diminution in the value of its investments in these projects during the financial year ended March 31, 2020. The same has been considered as an exceptional item in the standalone Ind AS financial statements of the Company (Refer Note 32).

**Note 6F:**

A nation-wide lockdown was announced by the Government of India w.e.f. March 24, 2020 as a result of the outbreak of COVID 19 pandemic. The subsidiaries of the Company are predominantly into toll operations under BOT/DBFOT model, has been impacted by the restrictions in movement of vehicles during the lockdown. However, these subsidiaries are contractually covered by the clauses of the Concession Agreement to claim such impact due to force majeure events. The Company has made an assessment on the impact of the same including the forecasts duly considering both internal and external information available till date. The management believes that it has taken into account all the possible impact of known events arising out of COVID 19 pandemic in the preparation of this financial results. However, the impact assessment of COVID 19 is a continuous process given the nature and duration, and the Company will continue to monitor for any material changes due to the future economic conditions.

**Note 6G:**

The Company is carrying net investments aggregating Rs. 911.80 crores (As at March 31, 2020 Rs. 995.75 crores) and has outstanding net loans and advances aggregating Rs. 121.63 crores (As at March 31, 2020 Rs. 131.69 crores) provided to certain operating subsidiaries of the Company engaged in infrastructure projects whose networth is fully eroded/undergoing restructuring due to continuous losses, for a period of more than 5 years, as per the audited financial information of these entities as at March 31, 2021.

Considering the gestation period required for break even for such infrastructure investments, restructuring/refinancing arrangements carried out/proposed and expected improved cash flows in its future business projections, no additional provision/adjustment to the carrying value of the said investments is considered necessary by the Management as at March 31, 2021. However, an impairment provision of Rs. 69.26 crores (Rs.70.00 crores in previous year) on investments & loans has been recognised in respect of subsidiaries having networth erosion due to continuous losses for a period of more than 5 years. Also Refer Note 6E and Note 32.

For the purpose of determining the recoverable value of its investments, the Company has considered the discounted cash flows from the investment, determined based on the traffic projections and with discount rates calculated based on the cost of equity for the applicable investment, adjusted for the proposed restructuring/refinancing.

**B. Special Equity Shares**

Particulars		2020-21	2019-20
<b>Basic earnings per share</b>			
Profit/ (loss) after tax as per Statement of Profit or Loss	A	-	-
Weighted average number of equity shares outstanding	B	10,000	10,000
<b>Basic EPS (₹)</b>	A/B	-	-

(i) Basic and diluted EPS for the Special Equity Shares of ₹ 10 each does not arise as the shares do not have any right to receive dividend or other distributions of the Company or otherwise carry any economic rights, except to the extent of ₹ 10 per share in the event of liquidation or dissolution of the Company.

(ii) The Company has 10,000 Special Equity Shares of ₹ 10 each outstanding which do not have any right to receive dividend or other distributions of the Company or otherwise carry any economic rights. Consequently, earnings per share is not applicable to such Special Equity Shares.

(iii)

The Company had allotted 900 Compulsorily Convertible Preference Shares Series 1 ("CCPS Series 1") of ₹1,00,00,000 each and 100 Compulsorily Convertible Preference Shares Series 2 ("CCPS Series 2") of ₹1,00,00,000 each to CPP Investment Board Singaporean Holdings Pte. 1 Limited pursuant to the Investment agreement dated June 21, 2014, signed between the Company, Larsen & Toubro Limited, the Promoter, Old lane Mauritius III Limited and CPP Investment Board Singaporean Holdings Pte. 1 Limited. In terms of clause 8.1.3 of the said agreement, the CCPS Series 1 and CCPS Series 2 are convertible into equity shares of face value ₹10 each based on a valuation process set out in Schedule 9 of the said agreement on or before March 31, 2019 and March 31, 2021 respectively. During the year ended March 31, 2020, an amendment to the said agreement was entered into to convert the CCPS. Accordingly, 863 CCPS, which is the balance number of CCPS after buy-back, was converted to equity during the financial year ended March 31, 2020. During the year ended 31 March 2020, the Company has bought back 217 fully paid up Compulsorily Convertible Preference Shares Series I (CCPS) of Rs.1 crore each of nominal value at a premium of Rs. 55,42,345 per CCPS aggregating Rs. 337.27 (including premium of Rs. 120.27 Crores).

(iv) In order to compute the diluted earnings per share, the Company has considered the most advantageous conversion rate, from the standpoint of the holder of the potential ordinary shares, to arrive at the number of potential equity shares.

**INDEPENDENT AUDITOR'S REPORT**

**To The Members of L&T Infrastructure Development Projects Limited**

**Report on the Audit of the Consolidated Ind AS Financial Statements**

**Opinion**

We have audited the accompanying consolidated Ind AS financial statements of **L&T Infrastructure Development Projects Limited** ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group") which includes the Group's share of profit in its two associates, which comprise the Consolidated Balance Sheet as at 31 March 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate Ind AS financial statements / financial information of the subsidiaries and two associates referred to in the Other Matters section below, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2021, and their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group and its associates in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the subparagraphs (a) and (b) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

**Emphasis of Matter**

We draw attention to :

- a) Note 56 of the consolidated Ind AS financial statements, which describes the Management's assessment of the carrying value of net amount recoverable towards termination compensation as at 31 March 2021, aggregating Rs . 52.75 crores (As at 31 March 2020 : Rs. 52.83 crores) relating to one subsidiary of the Group, engaged in infrastructure project, which has terminated the concession agreement entered into with the National Highway Authorities of India (NHAI). The nature of default and termination amount claimed under the concession agreement has not been accepted by NHAI and arbitration proceedings have been initiated in respect of the disputes relating to the termination payments/claims. Further, in respect of this subsidiary, the lenders have filed petition with Debt Recovery Tribunal for recovery of outstanding loans.

The Management has carried out an assessment of its exposure in this project duly considering the expected outcome of the arbitration proceedings, contractual stipulations/ interpretation of the relevant clauses in the aforesaid concession agreement, the expected termination payment to be received by the subsidiary, the possible obligations to lenders, legal advice, etc. and believes that the net amount of recoverable carried in the books in respect of the subsidiary is good and recoverable and no provision/adjustment to the same is considered necessary as at 31 March 2021.

- b) Note 53 of the consolidated Ind AS financial statements, which describes the Management's assessment of the carrying value of toll collection rights (net of amortisation/impairment of Rs.2,547.45 crores) aggregating Rs. 4,826.28 crores (As at 31 March 2020 : Rs. 5,151.53 crores, net of amortization/impairment of Rs.2221.89 crores) in six operating subsidiaries of the Group, engaged in infrastructure projects, whose net worth is eroded and have continuing operating losses /undergoing restructuring due to continuous losses, for a period more than 5 years as per the audited Ind AS financial statements of those subsidiaries as at 31 March 2021.

As more fully explained in the note, the Management has, given the uncertainties involved in these estimates and considering the gestation period required for break even for such infrastructure investments and restructuring/refinancing arrangements carried out/proposed, expected improved cash flows in its future business projections thereby concluding that no additional impairment/adjustment to the carrying value of the said toll collection rights is necessary as at 31 March 2021.

- c) Note 49 (b) of the consolidated Ind AS financial statements, which describes the Management assessment of control under Ind AS 110, "Consolidated Financial Statements", in one of its subsidiaries where insolvency proceedings were commenced during the year. Subsequently, certain developments have taken place during the year which is more fully described in the said note, and the Management is of the opinion that there is no loss of control in the subsidiary, for the reasons stated in the said note.

The below matter has been included as an Emphasis of Matter in the auditor's report of L&T Halol-Shamlaji Tollway Limited (HSTL).

- d) The auditors of the subsidiary of the Group, in their audit report on the financial statements of HSTL for the year ended 31 March 2021 has drawn attention to

i.) Note No G1 to the financial statements of HSTL, where National Company Law Tribunal (NCLT), Chennai bench had admitted petition for initiating Corporate Insolvency Resolution Process under the Insolvency and Bankruptcy code, 2016 vide its order dated 17 July 2019 and appointed a Resolution Professional in the 2<sup>nd</sup> Committee of Creditors meeting held on 5 September 2019. Order of the NCLT, Chennai was challenged by one of the Directors of the Company (L&T HSTL) before the NCLAT, Delhi and the application was dismissed by NCLAT, Delhi vide its order dated 28 August 2019. Again, the Order of the NCLT was challenged before the Supreme Court of India by the Director of the Company (L&T HSTL) and one writ petition was filed by L&T IDPL challenging the various provisions of the IBC. The Honorable Supreme Court of India vide its order dated. October 10, 2019 dismissed the writ petition of L&T IDPL as withdrawn and stayed the CIRP proceedings. The applicant, Oriental Bank of Commerce has conveyed their conditional Management approval on 28 February 2020 for withdrawal of IBC proceedings. The lenders have discussed further on the action to be taken by both the lenders and the Company with respect to the withdrawal of IBC proceedings during the joint lenders meeting held on January 06, 2021 and the same was conveyed to the Company. Till now, ten COC meeting have been conducted and all the approval related to the operations of the Company has been approved by Resolution Professional.

ii.) Note 13(i) to the Financial statements where as per the sanctioned terms, the interest rate applicable to the company is one year MCLR as on 01st Aug of every year of Allahabad Bank (merged with Indian Bank from Apr 01, 2021) + Spread of 1.40%. The lenders have not reset the interest rate as per the SDR agreement and this has been taken up by the Company with the lenders in various discussions and joint lenders meeting. But, there is no response on the interest rate reset by the lenders and all the lenders have continued to charge the interest @ 10.95% only. Accordingly, the Company is accounting interest expense on Term loan in books of accounts @ 10.95% (i.e. effective interest rate prevailing in 2017) though subsequently there is reduction in one year MCLR of the lead bank and this has resulted into excess booking of interest expense by Rs. 11.37 Crores approximately for F.Y. 20-21 (cumulative for the period August'17 to Mar'21 - Rs. 27.76 Crores approximately). However, as the liability of the company to pay this interest continues, the reversal has not been considered in the books of company.

Our opinion is not modified in respect of these matters.

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report, but does not include the consolidated Ind AS financial statements, standalone Ind AS financial statements and our auditor's report thereon.
- Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information, compare with the Ind AS financial statements of the subsidiaries and associates audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to subsidiaries and associates, is traced from their financial statements audited by other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Consolidated Ind AS Financial Statements**

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its Associates in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are also responsible for overseeing the financial reporting process of the Group and of its associates.

**Auditor's Responsibility for the Audit of the Consolidated Ind AS Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

JK

## **Deloitte Haskins & Sells LLP**

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated Ind AS financial statements.

We communicate with those charged with governance of the Parent Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT**

**(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated Ind AS financial statements of the Group as of and for the year ended 31 March 2021, we have audited the internal financial controls over financial reporting of **L&T Infrastructure Development Projects Limited** (hereinafter referred to as "Parent") and its subsidiary companies, which are companies incorporated in India, as of that date.

**Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Parent, its subsidiary companies and its associates, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, its subsidiary companies and its associates, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

*ll*

## **Deloitte Haskins & Sells LLP**

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and its associates, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies and its associates, which are companies incorporated in India.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Other Matters**

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 13 subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India. In case of 2 associates, the audit reports are not available and, accordingly, our reporting under Section 143(3)(i) of the Act does not cover such associates. However, the size of these associates in the context of the Group is not material.

Our opinion is not modified in respect of the above matters.

## **L&T Infrastructure Development Projects Limited**

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

### **1 Significant Accounting Policies**

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### **A Basis of preparation**

##### **(a) Compliance with Ind AS**

The Group's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act.

The financial statements have been prepared in accordance with Division III of Schedule III of Companies Act, 2013 vide Notification No. GSR. 1022(E) dated October 11, 2018, issued by Ministry of Corporate Affairs, Government of India for Non-Banking Finance Company (NBFC).

These financial statements have been approved for issue by the Board of Directors at their meeting held on 5th May 2021

##### **(b) Basis of measurement**

The financial statements have been prepared on a historical cost basis, except for certain financial statements which are measured at fair value as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

##### **(c) Use of estimates and judgements**

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, provisions for major maintenance obligations, fair value measurement etc.

##### **(d) Measurement of fair values**

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### **B Presentation of financial statements**

The Balance Sheet, Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Currency of the primary economic environment in which the Group operates is Indian Rupee (INR) in which the Group primarily generates and expenses cash. Accordingly, the Management has assessed its functional currency to be Indian Rupee (INR). Amounts in the financial statements are presented in Indian Rupees Crores since the management is of the view that presenting the same will result in better qualitative presentation of the financial statements.

#### **C Basis of consolidation**

(i) The consolidated financial statements incorporate the financial statements of the Parent Company and its subsidiaries. For this purpose, an entity which is, directly or indirectly, controlled by the Parent Company is treated as subsidiary. The Parent Company together with its subsidiaries constitute the Group. Control exists when the Parent Company, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

(ii) Consolidation of a subsidiary begins when the Parent Company, directly or indirectly, obtains control over the subsidiary and ceases when the Parent Company, directly or indirectly, loses control of the subsidiary. Income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated Statement of Profit and Loss from the date the Parent Company, directly or indirectly, gains control until the date when the Parent Company, directly or indirectly, ceases to control the subsidiary.

(iii) The consolidated financial statements of the Group combines financial statements of the Parent Company and its subsidiaries line-by-line by adding together the like items of assets, liabilities, income and expenses. All intra-group assets, liabilities, income, expenses and unrealized profits/losses on intra-group transactions are eliminated on consolidation. The accounting policies of subsidiaries have been harmonized to ensure the consistency with the policies adopted by the Parent Company. The consolidated financial statements have been presented to the extent possible, in the same manner as Parent Company's standalone financial statements.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the non-controlling interests and have been shown separately in the financial statements

(iv) Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned, directly or indirectly, by the Parent Company.

ck  

## **L&T Infrastructure Development Projects Limited**

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

(v) The gains/losses in respect of part divestment/dilution of stake in subsidiary companies not resulting in ceding of control, are recognised directly in other equity attributable to the owners of the Parent Company.

(vi) The gains/losses in respect of divestment of stake resulting in ceding of control in subsidiary companies are recognised in the Statement of Profit and Loss. The investment representing the interest retained in a former subsidiary, if any, is initially recognised at its fair value with the corresponding effect recognised in the Statement of Profit and Loss as on the date the control is ceded. Such retained interest is subsequently accounted as an associate or a joint venture or a financial asset.

(vii) As the intangible assets recognised under service concession arrangements are acquired in exchange for infrastructure construction/upgrading services, gains/(losses) on intra-group transactions are treated as realized and not eliminated on consolidation.

(viii) Investment in associate company has been accounted for, using equity method as per Ind AS 28 - Investments in Associates in Consolidated Financial Statements. Accordingly, the share of profit/ loss of the associate (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investment of the associate. The difference between the cost of investment in the associate and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital reserve as the case may be.

(ix) Goodwill on consolidation represents the excess of cost of acquisition at each point of time of making the investment in the subsidiary over the Group's share in the net worth of a subsidiary. For this purpose, the Group's share of net worth is determined on the basis of the latest financial statements, prior to the acquisition, after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. Capital reserve on consolidation represents excess of the Group's share in the net worth of a subsidiary over the cost of acquisition at each point of time of making the investment in the subsidiary.

Goodwill on consolidation arising on acquisitions on or after the date of transition represents the excess of (a) consideration paid for acquiring control and (b) acquisition date fair value of previously held ownership interest, if any, in a subsidiary over the Group's share in the fair value of the net assets (including identifiable intangibles) of the subsidiary as on the date of acquisition of control.

Goodwill on consolidation is allocated to cash generating units or group of cash generating units that are expected to benefit from the synergies of the acquisition.

Goodwill arising on consolidation is not amortised, however, it is tested for impairment annually. In the event of cessation of operations of a subsidiary, the unimpaired goodwill is written off fully.

### **D Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Group recognizes revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Group bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

- a) Toll collections from the users of the infrastructure facility constructed by the Group under the Service Concession Arrangement are accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards is accounted on cash basis.
- b) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest is accrued on time proportion basis, by reference to the principle outstanding at the effective interest rate.
- c) License fees for way-side amenities are accounted on accrual basis.
- d) Contract revenue for fixed price contracts is recognised only to the extent of cost incurred that it is probable will be recoverable till such time the outcome of the job cannot be ascertained reliably. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. The Group recognized revenue to the extent of performance obligations completed.

For the purposes of recognising revenue, contract revenue comprises the initial amount of revenue agreed in the contract, the variations in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and they are capable of being reliably measured.

For this purpose, actual cost includes cost of land and developmental rights but excludes borrowing cost. Expected loss, if any, on the construction activity is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense in the Statement of Profit and Loss in the period in which such probability occurs.

- e) Fair value gains on current investments carried at fair value are included in other income.
- f) Dividend income is recognised when the right to receive the same is established by the reporting date.
- g) Other items of income are recognised as and when the right to receive arises.

### **E Inventories**

Inventories are stated at lower of cost and net realizable value. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Project work-in-progress is carried at cost net of incidental income.

### **F Cash and bank balances**

Cash and bank balances include cash and cash equivalents and other bank balances. Cash and cash equivalents include cash on hand, balances with banks and highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturity of three months or less from the date of purchase. Other bank balances includes fixed deposits with original maturity of more than three months from the date of purchase.

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

**G Cash flow statement**

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- (a) transactions of a non-cash nature;
- (b) any deferrals or accruals of past or future operating cash receipts or payments and,
- (c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Group are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash flow statement. Those cash and cash equivalents which are not available for general use as on the date of balance sheet are also included under this category with a specific disclosure.

**H Property, plant and equipment (PPE)****Domestic Companies**

Freehold land is carried as historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and cumulative impairment. Historical cost includes expenditure that is directly attributable to acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Properties in the course for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes expenditure that is directly attributable and for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and assets under construction) less their residual values over their useful lives using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful lives of the assets as per management evaluation are as follows:

Category of Property, plant and equipment	Estimated useful life (in years)
Buildings including ownership flats	50
<b>Plant and equipment:</b>	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
<b>Furniture and fixtures</b>	10
<b>Vehicles:</b>	
Motor cars (other than those under the Company owned car scheme)	7
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
<b>Category of Property, plant and equipment</b>	<b>Estimated useful life (in years)</b>
<b>Office equipment:</b>	
Multifunctional devices, printers, switches and projectors	4
Other office equipment	5
<b>Computers:</b>	
Servers and systems	6
Desktops, laptops, etc.,	3
Electrical installations	10

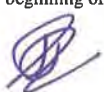

An item of property, plant and equipment is derecognized upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

**I Amortisation of intangible assets**

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period.

For transition to Ind AS, the Group has availed the option to continue with the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first Ind AS reporting period as per the previous Indian GAAP.

**J Intangible assets**

**a) Rights under Service Concession Arrangements**

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

**Toll Projects (Right to charge users)**

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Public-Private-Partnership ("PPP") project undertaken by the Group. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highways Authority of India ("NHAI")/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per concession agreement (normally referred as "change of scope") is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/State authorities are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of toll collection rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

Any viability gap funding (VGF) in the form of equity support in connection with project construction is accounted as a receivable and is adjusted to the extent of actual receipts.

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

Intangible assets that not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets under development".

**b) Other intangible assets**

Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

Intangible assets are derecognized when no future economic benefits are expected from use or disposal.

**K Exceptional items**

On certain occasions, the size, type or incidence of an item of income or expense is such that its disclosure improves an understanding of the performance of the Group. Such income or expense is classified as an exceptional item and accordingly disclosed in the financial statements.

**L Foreign currency transactions and translations**

- a) The functional currency of the Group in Indian Rupee
- b) Financial statements of overseas non-integral operations are translated as under :
  - i) Assets and liabilities at rate prevailing at the end of the year. Depreciation and amortisation is accounted at the same rate at which assets are converted
  - ii) Revenues and expenses at yearly average rates prevailing during the year
- c) Transactions in foreign currencies entered into by the Group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.
- d) Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each balance sheet date at the closing rate are recognised as income or expense in the period in which they arise except
  - (i) exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs in a foreign currency not translated.
  - (ii) exchange differences on transactions entered into in order to hedge certain foreign currency risks; and
  - (iii) exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.
- e) Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Group are recognised as income or expense in the Statement of Profit and Loss.
- f) Financial statements of foreign operations are translated into Indian Rupees as follows:
  - (i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
  - (ii) income and expenses for each income statement are translated at average exchange rates; and
  - (iv) all resulting exchange differences are recognised in other comprehensive income and accumulated in equity as foreign currency translation reserve (FCTR) and the same is subsequently reclassified to profit or loss on disposal of a foreign operation.
- g) Exchange difference on long-term foreign currency monetary items: The exchange differences arising on settlement / restatement of long-term foreign currency monetary items are capitalized as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets.
- h) Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortized over the period of the contracts if such contracts relate to monetary items as at the Balance Sheet date. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense in the period in which such cancellation or renewal is made.

**L&T Infrastructure Development Projects Limited**

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

**M Government grants**

Government grants are recognised when there is reasonable assurance that the Group will comply with the conditions attached to them and the grants will be received. Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are treated as capital reserve.

**N Employee benefits**

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

**(i) Short term employee benefits**

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

**(ii) Post employment benefits**

**(a) Defined contribution plans:**

The Group's State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

**(b) Defined benefit plans:**

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the holding company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the balance sheet date.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit or loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified as employee benefit expenses in the statement of profit and loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognizes related restructuring costs or termination benefits.

**(iii) Other long term employee benefits:**

The present value of the obligation under long term employee benefit plans such as compensated absences and liability under retention pay scheme is determined based on actuarial valuation using the Projected unit credit method.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurements, comprising actuarial gains and losses, the return on plan assets (excluding net interest ) and any change in the effect of asset ceiling (wherever applicable) are recognized immediately in profit or loss.

Gains or losses on the curtailment or settlement of any long-term employee benefit plan are recognized when the curtailment or settlement occurs. Past service, cost is recognized as expense at the earlier of the plan amendment or curtailment and when the Group recognizes related restructuring costs or termination benefits.

**(iv) Termination benefits**

Termination benefits such as compensation under voluntary retirement cum pension scheme (if any) are recognised as expense and a liability is recognised at the earlier of when the Group can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

### O Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. A qualifying asset is an asset that necessarily require a substantial period of time to get ready for its intended use for sale. All other borrowing costs are recognized in profit or loss in the year in which they are incurred.

### P Segment reporting

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the Company to make decisions for performance assessment and resource allocation

The reporting of segment information is the same as provided to the management for the purpose of the performance assessment and resource allocation to the segments

Segment accounting policies are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

### Q Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cashflows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

### R Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

### S Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

### T Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized with indefinite useful life.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

### U Provisions, contingent liabilities and contingent assets

A provision is recognised when the Group has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed in notes in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or a present obligation arising from past events, when no reliable estimate is possible. Contingent assets are disclosed in the financial statements where an inflow of economic benefits are probable.

### V Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

#### a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

##### i. Cash and cash equivalents

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

##### ii. Financial assets at amortized cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### iii. Financial assets at fair value through other comprehensive income (FVOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Group, on an instrument-wise basis, opts to consider certain investment in equity instruments as measured at fair value through other comprehensive income. These investments are disclosed separately in the financial statements.

##### iv. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. E.g., Investments in mutual funds.

##### v. Impairment of financial assets

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract/agreement and all the cash flows that the Group expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate. The Group estimates cash flows by considering all contractual terms of the financial instrument, through the expected life of the financial instrument.

Handwritten initials and a signature.

**L&T Infrastructure Development Projects Limited**

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

The Group measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk has not increased significantly, the Group measures the loss allowance at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of a change in the amount of the expected credit loss. To achieve that, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

**vi. Derecognition of financial asset**

A financial asset is primarily derecognized when:

- the rights to receive cash flows from the asset have expired, or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with a) the Group has transferred substantially all the risks and rewards of the asset, or b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

**b) Financial Liabilities**

All financial liabilities are measured at amortised cost using the effective interest method or at fair value through profit or loss.

**i. Financial liabilities at fair value through profit or loss**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL. A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition, if:

- Such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- The financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping provided internally on that basis; or
- It forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on Remeasurement recognized in profit or loss.

**ii. Financial liabilities at amortized cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method.

**iii. Financial liabilities at amortized cost**

Financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

**W Insurance claims**

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

**X Goods and Service tax input credit**

Goods and Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilizing the credits.

**Y Operating Cycle**

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

**Z Claims**

Claims against the Group not acknowledged as debts are disclosed under contingent liabilities. Claims made by the Group are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

**AA Commitments**

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

- (i) Estimated amount of contracts remaining to be executed on capital account and not provided for
- (ii) Uncalled liability on shares and other investments partly paid
- (iii) Funding related commitment to subsidiary, associate and joint venture companies and
- (iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

**35 Disclosure pursuant to Accounting Standard (Ind AS) 19 "Employee Benefits"**

**(i) Defined contribution plan:**

The Group's provident fund are the defined contribution plans. The Group is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Group with respect to these plans is to make the specified contributions.

An amount of ₹ 1.79 crore (previous year : ₹ 2.46 crore) being contribution made to recognised provident fund is recognised as expense and included under Employee benefit expense [Note 31] in the Statement of Profit and loss

**a) Features of its defined benefit plans:**

**Gratuity:**

The Group operates gratuity plan through LIC's Group Gratuity scheme where every employee is entitled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement whichever is earlier. The benefit vests after five years of continuous service

**Trust managed provident fund plan:**

The Company manages provident fund plan through the holding Company's provident fund trust for its employees which is permitted under the Provident Fund and Miscellaneous Provisions Act, 1952. The plan envisages contribution by employer and employees and guarantees interest at the rate notified by the provident fund authority. The contribution by employer and employee together with interest are payable at the time of separation from service or retirement whichever is earlier. The benefit under this plan vests immediately on rendering of service.

The benefit is governed by the Payment of Gratuity Act, 1972. The key features are as under:

Features of the defined benefit plan	Remarks
Benefit offered	$15 / 26 \times \text{Salary} \times \text{Duration of Service}$
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of Rs. 20,00,000 was not applied
Vesting conditions	5 years of continuous service ( Not applicable in case of death / disability )
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years

b) The Group is responsible for governance of the plan.

c) Risk to the Plan

Following are the risk to which the plan exposes the entity :

**Actuarial Risk:**

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

**Adverse Salary Growth Experience:** Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.

**Variability in mortality rates:** If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

**Variability in withdrawal rates:** If actual withdrawal rates are higher than assumed withdrawal rate assumption than the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**Investment Risk:**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

**Liquidity Risk:**

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cash flows

**Market Risk:**

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

**Legislative Risk:**

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective

a) Basic and diluted EPS for the Special Equity Shares of ₹10 each does not arise as the shares do not have any right to receive dividend or other distributions of the Group or otherwise carry any economic rights, except to the extent of ₹ 10 per share in the event of liquidation or dissolution of the Group.

b) The Group had allotted 900 Compulsorily Convertible Preference Shares Series 1 ("CCPS Series 1") of ₹1,00,00,000 each and 100 Compulsorily Convertible Preference Shares Series 2 ("CCPS Series 2") of ₹ 1,00,00,000 each to CPP Investment Board Singaporean Holdings Pte. 1 Limited pursuant to the Investment agreement dated June 21, 2014, signed between the Company, Larsen & Toubro Limited, the Promoter, Old lane Mauritius III Limited and CPP Investment Board Singaporean Holdings Pte. 1 Limited. In terms of clause 8.1.3 of the said agreement, the CCPS Series 1 and CCPS Series 2 are convertible into equity shares of face value ₹ 10 each based on a valuation process set out in Schedule 9 of the said agreement on or before March 31, 2019 and March 31, 2021 respectively [ Refer note 52]. During the year ended March 31, 2020, an amendment to the said agreement was entered into to convert the CCPS. Accordingly, 863 CCPS, balance after buy-back, was converted to equity during the financial year ended March 31, 2020.

c) In order to compute the diluted earnings per share, the Company has considered the most advantageous conversion rate, from the standpoint of the holder of the potential ordinary shares, to arrive at the number of potential equity shares.

d) The Company has 10,000 Special Equity Shares of ₹ 10 each outstanding which do not have any right to receive dividend or other distributions of the Company or otherwise carry any economic rights. Consequently, earnings per share is not applicable to such Special Equity Shares.

e) For the year ended March 31, 2021, the Basic and Diluted Earnings per Share is the same as it is anti-dilutive in nature.

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

**49 Disclosure pursuant to Ind AS 112 "Disclosure of interest in other entities"**

**(a) Change in Group's control in a subsidiary (without changes in ownership interests)**

On account of transfer on entity to Infrastructure Investment Trust :

LTIDPL Indvit Services Limited (formerly known as WITL) is a 100% subsidiary of the Company Pursuant to InvIT process, LTIDPL Indvit Services Limited has been appointed as the Investment Manager of the InvIT trust. The Management of the Company has assessed the aspects of control as provided in Ind AS 110 and concluded that the Company together with its Affirmative Voting Rights and its ability to approve/reject operating budgets through unanimity, exercises significant influence over LTIDPL INDVIT Services Limited and hence considered as an associate and use equity method of accounting as prescribed in Ind AS 28 - Investment in associates and joint ventures. The investment in the associate has been recognised at the net asset value of the subsidiary on the date of loss of control Accordingly, the necessary adjustments have been made in "Other equity". [Refer Note 6 and 22].

**(b) Change in Group's ownership interest in a subsidiary (without ceding control)**

**On account of dilution :**

L&T Halol-Shamlaji Tollway Limited ("HSTL") is a subsidiary of L&T Infrastructure Development Projects Limited ("IDPL") During the financial year 2016-17, HSTL had entered into a Strategic Debt Restructuring Scheme ("SDR Scheme") with its lenders by which the lenders subscribed to the equity shares of the Company and in turn hold 51% of the Company's issued shares. The Management has assessed the aspects of control provided in Ind AS 110 and concluded that the company together with responsibility of project operations and protective rights of the lenders, exercises control over HSTL and hence considered as a subsidiary and consolidate the same as per Ind AS 110 - Consolidated financial statements

During the year ended March 31, 2020, the National Company Law Tribunal (NCLT) has allowed the insolvency application filed by a Financial Creditor for initiation of Corporate Insolvency Resolution Process (CIRP) under section 7 of the Insolvency and Bankruptcy Code, 2016 against HSTL. Consequently, the Board of the aforesaid entity has been suspended and Insolvency Professional has been appointed.

The Company filed appeal to stay the proceedings of above insolvency order before the Honourable Supreme Court of India and the Court has granted order of stay on the proceedings of the CIRP. Based on its assessment, duly considering the ongoing discussions with the lenders and legal advice obtained, the Management expects a favourable outcome of the appeal which is currently pending before the Honourable Supreme Court of India. Hence, the Company continues to consider the aforesaid entity as subsidiary as at March 31, 2021.

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

**50 Disclosure pursuant to Ind AS 107 "Financial instruments: Disclosure"****Capital Management**

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Group's capital management is to maximize the shareholder value.

**Financial Risk Management**

The Group's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The Group's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors of the parent company has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board of Directors of the parent company have established a risk management policy to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Group's activities. The Board of Directors oversee compliance with the Group's risk management policies and procedures, and reviews the risk management framework.

**Market risk**

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk.

**Foreign Currency Risk**

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate. The Group is not exposed to foreign currency risk as it has no borrowing or no material payables in foreign currency.

**Interest rate risk**

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest risk arises to the Group mainly from term loans from banks, financial liabilities and deferred payment liabilities with variable rates. The Group measures risk through sensitivity analysis. Currently, lending is from debentures for which the interest rates are fixed.

The Group's exposure to interest rate risk due to variable interest rate borrowings is as follows:

	31 March 2021	31 March 2020
Senior debt from banks and financial institutions	4,838.25	4,968.10

Sensitivity analysis based on average outstanding secured borrowings

	Impact on profit/ loss after tax	
	2020-21	2019-20
Increase or decrease in interest rate by 25 basis points	12.10	12.34

Note: Profit will increase in case of decrease in interest rate and vice versa

**Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The Group is exposed to price risk due to investments in mutual funds and the same are fair valued through profit or loss.

The Group measures risk through sensitivity analysis.

The Group's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The Company's exposure to price risk due to investments in mutual fund and units of InvIT is as follows:

Particulars	31 March 2021	31 March 2020

**Impact on other  
comprehensive income before  
tax**

	2020-21	2019-20
Increase or decrease in NAV by 1%	9.40	10.87

Note - In case of decrease in NAV profit OCI reduce and vice versa.

**Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The parent company of the group is primarily an investment company and returns is by way of return on investment. The Group through its subsidiaries provides toll operation and maintenance services to the road projects where the Group has invested at a mutually agreed fee. The Group sees no credit risk in that transaction. The Group has receivables from few governmental agencies which are either under a dispute or is pending settlement.

**Liquidity risk**

Liquidity risk is the risk that the company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The Group is exposed to liquidity risk due to borrowings and trade and other payables. The Group measures risk by forecasting cash flows. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Group's reputation. The Group ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations. The group manages liquidity risk by maintaining adequate reserves by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

## L&T Infrastructure Development Projects Limited

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

- 52 (i) During the previous year ended March 31, 2020 the Company had bought back 217 fully paid up Compulsorily Convertible Preference Shares Series 1 (CCPS) of ₹ 1,00,00,000 each of nominal value at a premium of ₹ 55,42,345 per CCPS for an aggregate value of ₹ 337.27 crores. Capital redemption reserve to the extent of the nominal value of preference shares was created during the year. The balance 863 fully paid CCPS was converted to equity shares.  
(ii) During the year ended March 31, 2019, the Company had bought back 920 fully paid up Compulsorily Convertible Preference Shares Series 1 (CCPS) of ₹ 1,00,00,000 each of nominal value at a premium of ₹ 21,73,913 per CCPS for an aggregate value of ₹ 1,120 crores. Capital redemption reserve to the extent of the nominal value of preference shares was created during the year.
- 53 The Group is carrying toll collection rights (net of amortisation/impairment) aggregating ₹ 4,826.28 Crores (as at 31 March 2020 : ₹ 5,151.53 crores) in six operating subsidiaries of the Company, engaged in infrastructure projects whose net worth is fully eroded/undergoing restructuring due to continuous losses, for a period of more than 5 years, as at 31 March 2021. The Group assesses the recoverability of such infrastructure investments on an annual basis, considering the probable beneficial results arising from various initiatives being undertaken with regard to refinancing of loans taken, submission of claims or pursuing with appropriate authorities on relevant pending claims, so that the financial viability of the projects can be improved. The Group has revisited the projections made in the previous year by considering the results of such initiatives during the year as well as the status of discussions with relevant authorities to determine the expected cash flow for the remaining concession period of these projects.  
For the purpose of determining the recoverable value of its investments, the Company has considered significant estimates and judgements which inter-alia includes the discounted cash flows determined based on the traffic projections, probable recovery of arbitration claims, impact due to force majeure events and discount rates calculated based on the cost of equity for the applicable investment, adjusted for the proposed restructuring/refinancing. All of these estimates and judgements have inherent uncertainties and the actual results may differ from that estimated as at the date of the Balance sheet.  
Considering the gestation period required for break even for such infrastructure investments, restructuring/refinancing arrangements carried out/proposed and expected improved cash flows in its future business projections, no additional impairment/ adjustment to the carrying value of the said toll collection rights is considered necessary by the management as at 31 March 2021. Refer Note 10(iii) and 42
- 54 Compensation receivable for loss of revenue under the concession agreement entered into with National Highway Authority of India (NHAI) by the group was settled by way of extension of the concession agreement by 23.29 days in one of the subsidiaries of the group – Vadodara Bharuch Tollway Limited, a 100% subsidiary, based on actual loss incurred due to non-collection of toll revenue during the period of force majeure. During the year ended 31 March 2019, the subsidiary had recognised the extension of the concession period by increasing the value of the toll collection rights by ₹ 17.75 crore in accordance with the accounting policy for the Group.
- 55 One of the subsidiaries, L&T Transportation Infrastructure Limited, which had been awarded a Build-Operate-Transfer (BOT) project for construction of a bypass toll road and a bridge over the River Noyyal in Coimbatore District of Tamil Nadu State, under the Concession Agreement dated 03 October 1997, had received a termination notice from the Ministry of Road Transport and Highways (MoRTH), Government of India. The ground of termination was Government of India's subsequent intention to go for four-laning of the existing two lane road. The subsidiary had obtained injunction from the Delhi High Court against the said termination notice of the Government and is accordingly continuing to collect toll. The tolling rights of the subsidiary are protected under the aforesaid concession agreement.  
The subsidiary had also filed an application opting for arbitration for resolution of disputes and an Arbitral Tribunal had been constituted as provided in the concession agreement. The Arbitral Tribunal had pronounced the award on 12 December 2014 in favour of the Company. The Tribunal had also awarded, inter-alia, compensation to be paid to the Company for loss of revenue at Athupalam Bridge and suitable extension of the concession period.  
MoRTH had challenged the award on 12 March 2015 seeking stay of the aforesaid tribunal award before the Hon'ble Delhi High Court. The case was transferred to Commercial Appellate Court of the Delhi High Court during the previous year. During the previous financial years, the Ministry of Road Transport and Highways had taken initiatives to revive the Infrastructure sector through NITI Aayog. The proposals approved included transfer of arbitration cases existing under the old act, to the amended act and also to provide relief to the concessionaires in the form of interim payment of 75% of the Arbitral award in cases where the tribunal had granted the award, which were challenged by the implementation agencies. The matter was last listed on February 02, 2019 and the same had been adjourned to April 12, 2019 for final arguments on section 34 application. During the previous year ended March 31, 2020, the Honourable High Court of New Delhi had dismissed the application filed by MoRTH and pronounced the arbitration award in favour of the Company as per the order dated October 11, 2019. Accordingly, the arbitration claims had been considered in the financials of the Company for the year ended March 31, 2020 as given below:  
a) Loss of revenue claim amounting to ₹ 77.09 crores and Interest income of ₹ 104.68 crores accounted as revenue from operations and other income respectively. As per the arbitration order dated December 12, 2014, the cost of one renewal course amounting to ₹ 10.00 crores had been considered under operating expense appropriately. The 75% of the total award amounting to ₹ 117.28 crores was received from MoRTH on November 06, 2017. The balance award amount of ₹ 54.49 crores is shown as receivable from MoRTH.) b) MoRTH had approved the fee revision on January 08, 2018 and the same had been implemented from January 22, 2018. The Company had collected ₹ 25.29 crores on account of toll revision till October 11, 2019 and was held in a separate escrow account and not considered as income. However, based on the above Honourable High Court Delhi order the said amount was considered as income during the year ended March 31, 2020.

However, MoRTH has challenged the Award before the Division Bench of the High Court of Delhi. First hearing in the matter was held on March 03, 2020 and MoRTH was directed by the High Court of Delhi to deposit the balance 25% of the award amount before the Registry of the Delhi High Court within 4 weeks and has also directed to complete the pleadings with respect to condonation of delay and issuance of stay order. The Company had filed its replies on the two applications and MoRTH has deposited the balance 25% of the award amounting to ₹ 39.09 crore before the High Court of Delhi. The matter was listed on March 19, 2021 for completion of pleadings but on the request of MoRTH further time had been granted to file their rejoinder. Now the matter is listed on July 20, 2021 for further hearings.

- 56 In the meanwhile, the Company has filed an application to release the amount deposited by MoRTH i.e. ₹ 39.09 crore and the same is pending for further hearing before the High Court of Delhi.  
An amount of ₹ 52.75 crore (As at 31 March 2020: ₹ 52.83 crore relating to one terminated subsidiaries), is carried as the net amount recoverable towards termination compensation by one subsidiary of the Group, engaged in infrastructure project, which has terminated concession agreement entered into with the National Highway Authorities of India (NHAI). The nature of default and termination amount claimed has not been accepted by NHAI and arbitration proceedings have been initiated in respect of the disputes relating to the termination payments/claims.  
The Management has carried out an assessment of its exposure in this project duly considering the expected payments arising out of the aforesaid termination and the likely outcome of the arbitration proceedings, contractual stipulations/ interpretation of the relevant clauses including the possible obligations to lenders, legal advice, etc. and believes that the net amount of recoverable carried in the books is good for recovery and ₹ 5.00 Cr provision/adjustment to the same is considered necessary as at 31 March 2021.

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

- 57 During the year ended 31 March 2016, PNG Tollway Limited, a subsidiary, had submitted intent to terminate the project and accordingly issued the notice of termination on 25 February 2016. The same was accepted by NHAI vide its minutes of meeting dated 7 April 2016 and conveyed that the date of termination shall be 29 March 2016. Consequently, the toll operations were taken over by the authority on 13 April 2016 and the maintenance operations were taken over on 31 July 2016. The subsidiary was engaged in various meetings with the authority with regard to finalization of termination proceeds and its settlement during the year. On 30 August 2016, NHAI released an adhoc payment of ₹ 100 Crore. Further on 21 February 2017, NHAI issued a termination notice, alleging Concessionaire's Event of Default and arbitrarily released an amount of ₹ 323.06 Crore on 26 March 2017 based on termination payment computed for the project after adjusting the adhoc payment and other recoveries, unilaterally, without granting an opportunity of being heard to the subsidiary on the above matter.

The subsidiary on 3 April 2017 replied to the notice of termination by NHAI and on 4 April 2017 replied to the termination Payment advice of NHAI, stating the facts on how termination payment calculated by NHAI is not in conformity with the stated provisions of the Concession Agreement, and justifying its eligibility for termination payments as claimed by the Company certain contractual claims that are accepted and payable as per provisions of concession agreement. The subsidiary had invoked arbitration proceedings against NHAI on the said matter and the statement of claims was filed and the first sitting of the Tribunal was held on 18 July 2017. The Tribunal posted the matter to be heard on 27 October 2017 for further proceedings with timelines for completion of pleadings. However at the instance of NHAI, a Conciliation Committee has been set up to amicably resolve the disputes. The Conciliation Committee comprising of 3 independent members held 5 meetings at NHAI during the year and the outcome of the Conciliation is awaited. Meanwhile, the lender has sent a notice to the subsidiary on 15 July 2017 for settlement of the outstanding principal and interest dues to which the Company had responded on 31 July 2017. Depending on the outcome of the meeting of the conciliation committee, the arbitration and recovery proceedings would be dealt with appropriately. Subsequently, NHAI and the subsidiary have entered into settlement agreement on 4 April 2019 vide which NHAI had agreed to make payment of ₹ 1,238.06 Cr as full and final payment towards all disputes arising out of the concession agreement NHAI has agreed to make payment of ₹ 765.00 Crore as initial payment within 30 days from the date of said Settlement Agreement and the balance amount of ₹ 50.00 Crore shall be held towards inspection of structure by a three member expert committee, which shall be released upon satisfactory report within one month from the date of receipt of the report. Accordingly, an amount of ₹765.00 Crore was received on 3rd May 2019 and a partial amount of ₹ 38.54 Crore was received on 4th February, 2020 citing some recoveries.

Out of the balance remaining amount of Rs.11.46 Crore, the company has received Rs.6.5 Crore on 16th September, 2020. The balance amount of Rs 4.96 Cr is towards the future maintenance works that NHAI would need to execute during the design service life of the structure and hence is not likely to be released. Hence, the Company considered the above mentioned 6.5 crores as full and final settlement amount.

During previous year ended 31 March 2020, a provision of Rs. 5.00 Crores was created, however during the current year, the same has been written back and the balance receivable amount of 4.96 Cr has been written off in the books of accounts of PNG as on 31 March 2021. The net compensation receivable as on 31 March 2021 is Nil ( 6.46 crores as on 31 March 2020 )

- 58 L&T Chennai Tada Tollway Limited, a subsidiary had entered into a concession agreement with National Highways Authority of India ("NHAI") on 03 June 2008 for the six laning of Chennai-Tada Section of National Highway 5 in the State of Tamil Nadu. Pursuant to the default of NHAI of the various conditions specified in the concession agreement, a notice was served on NHAI vide letter dated 18 March 2015. Due to the inaction of NHAI on the said matter, the subsidiary had filed an application under Section 9 of the Arbitration and Conciliation Act, 1996 (as amended), before the High Court of Delhi. On the direction of the Honorable High Court, NHAI took over the toll operations on 23 June 2016. The Court had also directed NHAI to deposit toll collections in the escrow account of the subsidiary till the completion of arbitration with respect to the termination of the project and the finalization of the proceeds. The arbitration/judicial proceedings in respect of this matter is currently ongoing. During the year ended March 31, 2019, the senior lenders have approached the Debt recovery Tribunal for recovery of the outstanding term loans. The Arguments in the matter was completed on March 18, 2019. On April 15, 2019, the Debt Recovery Tribunal, Chennai vide its order no. O.A. No. 370/2017 had allowed the lead bank to recover the debt due along with a simple interest @ 9% p.a. instead of compounding rate of 13.30% p.a., the interest rate as charged by the banks effective February 27, 2017, being the recovery petition filed date. The Debt Due needs to be paid by NHAI as per the arbitration order and details of the Arbitration order in given below

a) Termination related Arbitration:

Due to the authority default, the Company terminated the project with effect from June 24, 2015. Due to inaction of the authority on termination notice, Company filed an application under Sec 9 of Arbitration and Conciliation Act before the Honourable High Court of Delhi. On the direction of Court, Authority (NHAI) took over the Project on June 23, 2016.

On an application made by the company, the Honourable High Court of Delhi directed NHAI to deposit toll collections related to the project with the Escrow Account of the company till the decision of arbitration tribunal with respect to termination payment determination and settlement.

These collections are adjusted towards "NHAI receivable amount towards the Termination claims. Upon completion of the arguments from both the parties, the Honourable Arbitral Tribunal pronounced the Majority Award in favour of the Company and upheld the Termination of the Concession Agreement by the Company for the Authority default. Accordingly, the Arbitral Tribunal awarded the arbitration award to the Company vide its order dated November 06, 2019 as follows:

- i) The Authority need to pay Termination Payment comprising Debt Due calculated in the manner indicated in the award and 150% of Adjusted Equity.
- ii) The Authority is liable to make payment of Debt Due as on June 24, 2013 to the Senior Lenders to be calculated by the Lead Bank and the Claimant.
- iii) The Authority need to pay to the Company pre-award simple interest at the rate of 11.25% per annum on the Termination Payment from July 02, 2015 till November 06, 2019.
- iv) The Authority need to pay to the Company post award simple interest at the rate of 9% per annum on the sum of Termination Payment with effect from November 07, 2019 till the date of payment.
- v) The Termination Payment proceeds shall be appropriated in the manner mutually agreed between the lenders and the borrower
- vi) The Counterclaims of the Authority has been rejected.
- vii) The Authority to pay to the Company costs of the arbitration amounting to ₹ 0.81 crores

The Company has filed the application under Section 34 of the Arbitration and Conciliation Act for rectification of some errors in the Termination award. Pleadings in the matter has been completed and now the matter is listed on Apr 12, 2021 for further proceedings. Refer note no. 59(b) (3) for the details of Section 34 application filed by NHAI on Termination and claim related arbitration award

**b) Claims related Arbitration:**

The Company has raised number of disputes/arguments with the Authority (NHAI) and could not be resolved amicably between them, the same are referred to Arbitration. The Company had lodged a claim of ₹ 583.66 in the Arbitration Tribunal. Upon completion of the arguments from both the parties, the Arbitral Tribunal has awarded the Company a sum of ₹ 14.32 including Pre-award interest as per order dated, March 04, 2020. The Award will also carry interest at the rate of 12% per annum from the date of the award till the date of payment. The Arbitral Tribunal has instructed the NHAI to reimburse the Company an amount of ₹ 1.00 incurred towards cost of arbitration. NHAI is having 90 days' time to arrange for the settlement of this award

In addition to the above, The Arbitral Tribunal has directed NHAI to pay the cost incurred towards utility shifting work. NHAI has to settle the rates with the Company and payment for the said work to be made within 60 days from the award date. If the payment for the aforesaid work is not made within 60 days, then the entire cost of ₹ 1.96 claimed by the Company needs to be paid by NHAI along with interest @ 12% per starting from the 61st day from the award date.

3) NHAI has challenged the award before the High Court of Delhi on August 17, 2020 under section 34 of the Arbitration and Conciliation Act. Copy of the section 34 application was served to the Company. On January 22, 2021 the High Court of Delhi had directed NHAI to deposit the Award amount before the Court before granting the stay on the award. NHAI counsel had sought time for seeking instruction from NHAI. In the meantime, NHAI has filed one application in the Section 34 matter filed with respect to Termination related award wherein the NHAI has contended that toll collection amount deposited in the escrow account is sufficient to take care of the awarded amount both in Termination and Claims related arbitration. In the afore said application, NHAI has requested the High Court of Delhi to direct the Company to provide the the accounts for the Toll collection deposited in the Escrow account and to adjust the collection against the awarded amount. The Company has filed its reply to the above-mentioned application. The matter is now pending for further hearing

- 59 During the year ended 31 March 2019, one of the subsidiaries, L&T Samakhiali Gandhidham Tollway Limited won an arbitration award against the National Highway Authority of India ("NHAI") in the matter related to execution of certain additional works w.r.t contractual obligation under the concession agreement. The said works were beyond the defined scope of work and hence qualified for change of scope compensation by NHAI which was disputed by NHAI. The subsidiary went on arbitration and succeeded in their claim on the said matter. The valuation of compensation amounting to ₹ 115.20 crore payable including a interest compensation of around ₹ 25.00 crore for the period delay in settlement has been awarded by the honorable arbitration tribunal.

During the previous financial years, the Ministry of Road Transport and Highways had taken initiatives to revive the Infrastructure sector through NITI Aayog. The proposals approved include transfer of arbitration cases existing under the old act, to the amended act and also to provide relief to the concessionaires in the form of interim payment of 75% of the Arbitral award in cases where the tribunal had granted the award, which were challenged by the implementation agencies. Therefore, the subsidiary is eligible for an interim compensation of 75% of arbitration award against bank guarantee. The same was approved by NHAI in the letter dated 04 April 2019 for a sum of ₹ 92.37 crore including a interest compensation of ₹ 5.97 crore for period delay in settlement. Arbitral Tribunal was constituted on 24.10.2016 & Arbitral Tribunal has pronounced a unanimous Award on 11.11.2018 in favour of L&T SGT L, wherein the NHAI has been directed to pay an amount of ₹ 115.20 Crores to L&T SGT L within 60 days from 11.11.2018. In case the NHAI fails to make the payment of ₹115.20 crores to L&T SGT L within 60 days NHAI has been directed to pay the further interest @18% per annum on ₹ 115.20 crores from 11.11.2018 till the date of payment thereof. Subsequently NHAI has challenged the Award under Section 34 of the Arbitration and Conciliation Act, 1996 before the High Court of Delhi. However, in terms of the Niti Aayog policy NHAI has released an amount of ₹ 92.36 crores on 27.08.2019 against BG given for an amount of ₹110.49 Cr.

Matter is listed for arguments on Admission. Arguments in the matter commenced by the Company's counsel. As the Arguing Counsel of NHAI was not available matter adjourned to 20.05.2020 for arguments

On account of COVID the matter kept on getting adjourned and the same is listed on 28.04.2021. In the meantime, SGT L filed one application for early listing of the matter and the said Application was listed on 19.03.2021 and the same has been disposed of with the direction that the matter be listed before the Court in the Supplementary List on 28.04.2021

- 60 One of the subsidiaries of the Company, L&T Deccan Tollways Limited (L&T DTL) entered into Concession Agreement with National Highway Authority of India (NHAI) on 02.02.2012 for four laning of Maharashtra/Karnataka Border to Sangareddy section of National Highway No 9 (NH-9) from km 348.800 to km 493.000 in the state of Karnataka and Andhra Pradesh to be executed on BOT (Toll) on DBFOT pattern under NHDP Phase IVB. Subsequently, NHAI and L&T DTL entered into a Supplementary Agreement on 14.03.2017 for amending the arbitration clause.

Number of issues had arisen in respect of the Concession Agreement between L&T DTL and NHAI. Due to this, L&T DTL has suffered significant financial losses. As the issues could not be resolved amicably, L&T DTL notified the issues as "Dispute" in terms of Article 44.1.1 of the Concession Agreement and referred the "Disputes" to the Committee of Chairman of NHAI and Chairman of Board of Directors of L&T DTL for resolution in terms of Article 44.2 of the Concession Agreement.

As the referred disputes remained unresolved, the Company had referred the Disputes for Arbitration vide its letter dated 07.06.2019, in the manner provided in Article 44.3 of the Concession Agreement, as amended by way of the Supplementary Agreement to the Concession Agreement dated 14.03.2017 and nominated its nominee Arbitrator. The NHAI also appointed its nominee arbitrator and the arbitral tribunal was constituted on September 15, 2020. In the meantime, NHAI requested for conciliation proceedings for settlement of the Claims. Arbitration proceedings were kept on abeyance for six months on the request of both the parties as the parties are trying to settle the disputes by way of Conciliation before the Conciliation Committee of Independent Experts (CCIE). After deliberations, the dispute is settled with NHAI and accordingly a settlement agreement was entered between the Company and NHAI on March 26, 2021. As per the settlement agreement, NHAI has agreed to settle all the claims including COVID 19 related claims of the Company for an amount of Rs. 114.42 Crore (inclusive of all taxes) with the following obligations for both the Parties.

**Obligations of NHAI**

- a) NHAI undertakes and agrees to release sum of Rs. 114.42 crore (Inclusive of all taxes) to the Company  
b) NHAI agrees to withdraw all claims/demands/notices/against the Company till the date of the settlement agreement

**Obligations of the Company**

- a. The Company agrees to withdraw the arbitration proceedings against NHAI and file an application with the Arbitral Tribunal evidencing such withdrawal within 3 working days from the date of receipt of Settlement amount  
b. The Company agrees to withdraw all claims/demands/notices/ against NHAI till the date of the supplementary agreement and no claims shall be raised by the Concessionaire in future, for the period from date of signing of Concession Agreement to the date of the settlement agreement  
c. The Company shall pay an amount of Rs. 4.49 crore related to Negative Change of Scope vide NHAI letter no. NHAI/KNT/MH-KNTSangareddy/2019/139698 dated. August 21, 2019 to NHAI. This amount of Rs. 4.49 crore shall be deducted from the payment of Settlement amount  
Though, the Company had received an amount of Rs. 108.28 crore in the escrow account on April 19, 2021, the impact of the settlement agreement signed between NHAI and the Company is not provided in the books of accounts as at Mar 31, 2021. The breakup of the amount received from NHAI is given below

Description	Amount in Crore
Settlement amount from NHAI (including COVID 19 claim of Rs. 10.34 crore)	114.42
Deduction against Negative Change of Scope	(4.49)
Net receivable	109.93
Deduction of TDS	(1.65)
Amount received from NHAI	108.28

**L&T Infrastructure Development Projects Limited**

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

The Company had entered into an settlement agreement dated March 25, 2019 with L&T (Ultimate Holding Company) for settlement of various claims raised by them for the construction period. As per the settlement agreement, the Company has settled an amount of Rs.98.84 Crore to L&T during 2018-19 and 2019-20. Further, L&T would be raising invoice pertaining to Material Adverse Effect Claims which is now certified by NHAI under the settlement agreement entered on March 26, 2021. The amount so payable to L&T shall be agreed upon and will be settled post finalization of the quantum between the parties.

Hence, the impact of the amount received from NHAI will be accounted in the books of accounts once the final settlement payable to L&T is crystallized and a final settlement agreement is entered between the Company and L&T.

- 61 One of the subsidiaries of the Company has secured a contract for construction of Halol-Godhra-Shamlaji Road (LTHSTL) under Viability Gap Funding Scheme of Government of India on Build, Operate and Transfer basis, for the section from Halol km. 335.168 to Shamlaji approach km. 501.395 of State Highway no. 5 in the State of Gujarat ("Project Highway") and had accordingly entered into a Concession Agreement (CA) with Gujarat State Road Development Corporation (GSRDC) on September 17, 2008. The support of the Government of Gujarat (GOG) was extremely necessary for successful implementation and operation of the project. Therefore, a tri-partite agreement viz. State Support Agreement (SSA) was entered on September 11, 2009 between the GOG, GSRDC and Company.

**Claims with GOG:**

However, during the operations phase of the project, GOG did not fulfil its obligation as stipulated and undertaken under the SSA, and consequently, company continued to incur / suffered revenue losses and other losses. GOG failed to take appropriate measures as per the SSA to ensure law and order at the project stretch which resulted in loss of revenue and additional cost on company. Therefore, LTHSTL vide letter dated September 09, 2017 and November 28, 2017 notified its disputes in terms of Clause 9.2 of the SSA. Since the Dispute could not be settled, company vide letter dated January 04, 2019 requested GOG for amicable settlement in terms of Article 9.3 of SSA. However, the dispute remained unresolved. Therefore, L&T HSTL issued Arbitration notice dated April 24, 2019 to GOG along with the description of claims the same was objected by GOG saying the dispute was not arbitrable as they are not necessary party to the claim.

LTHSTL has made a total claim of ₹ 544.31 crores including interest. Hence, company has filed the application on December 26, 2019 under section 11(2) of Arbitration and Conciliation Act read with 11(6)(a) for appointment of Arbitrator before the Gujarat High Court. The date of hearing was scheduled on April 17, 2020 and matter is pending for reply from GOG/GSRDC. However, hearing has been adjourned due to recent order of court to only take urgent matters until further orders, pursuant to the present circumstances of COVID 19 pandemic. Thereafter, the matter is not taken on board and the next date of hearing is awaited from the Court.

**Claims with GSRDC**

During the commercial operations of the Company, because of some Non-Political, Political and Indirect Political Force Majeure events and other circumstances, the Company has suffered revenue loss and other losses. Therefore, the Company had claimed compensation under various heads from GSRDC and requested resolution of Disputes amicably.

Subsequently, a meeting was held on November 29, 2018 to amicably resolve the dispute, but the parties failed to resolve the Disputes amicably. Therefore, the Company vide letter dated January 04, 2019 referred various disputes to the Secretary, Road & Building Department, Government of Gujarat for conciliation in accordance with the provisions of the Concession Agreement and accordingly, the Secretary, Road & Building Department vide letter dated February 21, 2019 fixed the conciliation meeting on March 01, 2019. However, the dispute remained unresolved in the said meeting. The Company vide letter dated April 22, 2019 addressed to the GSRDC invoked Arbitration for adjudication of the long pending claims and accordingly the Arbitral Tribunal was constituted on September 05, 2019

First meeting of the Arbitral Tribunal was held on October 06, 2019 wherein the dates for completion of pleadings were fixed. Thereafter, the Company have filed a statement of claims amounting to Rs. 22.45 crore on November 15, 2019 and subsequently on January 31, 2020 GSRDC submitted their counter claims amounting to Rs. 125.89 crore

On March 02, 2020, the company has submitted Rejoinder and objection against GSRDC's counter claims as the Company is under Corporate Insolvency Resolution Process and GSRDC had filed their reply to Section 16 application on April 06, 2020. Thereafter, GSRDC filed an application to implead L&T Ltd. & L&T IDPL in the matter on 15.07.2020 which were responded on 24.09.2020.

The Arbitral Tribunal conducted the hearing for adjudication of the Company's objections to Counter Claims and impleading application of GSRDC and the same is pending. Meanwhile, the Tribunal has proposed that both the parties shall make an effort for settlement of their dispute through conciliation which was accepted by both the parties. Thereafter, both the parties were called for an amicable settlement on December 03, 2020 before the Secretary, R&B and both the parties were advised to revert after finalization of mutually agreed proposal and the same is in progress. Now, based on request of both the parties the hearing scheduled on 03.04.2021 was adjourned for 4 weeks and the next date of hearing will be informed in the month of May 2021

- 62 Two of the subsidiaries entered into concession agreements with GSRDC have applied for revenue share deferment and have received approval for the same. Accordingly, the deferred revenue share will be payable along with interest at RBI bank rate plus 2% in terms of the supplementary agreement signed by the respective subsidiaries with GSRDC.

- 63 Pursuant to the Strategic Debt Restructuring (SDR) scheme entered by one of the subsidiaries, L&T Halol Shamlaji Tollway Limited ("LTHSTL") with the lenders, the subsidiary has calculated interest on full senior debt till 31 July 2016. From 1 August 2016, interest has been calculated on debt of ₹ 597.24 crore i.e. after reducing the portion of debt of ₹ 405.83 crore that had been converted into equity. However, different banks have given effect to SDR scheme in different manner. The details of term loan outstanding as per books of the Company as at March 31, 2021 is given below

Name of the Bank	Balance as per Books	₹ Cr
Indian Bank (erstwhile Allahabad Bank)	104.13	
Indian Bank	57.26	
UCO Bank	97.38	
Punjab National Bank (erstwhile Oriental bank of Commerce)	89.58	
Canara Bank (erstwhile Syndicate Bank)	74.52	
HDFC Bank Limited	42.76	
IndusInd Bank	57.79	
India Infrastructure Financial Corporation Limited	153.79	
<b>Total</b>	<b>677.21</b>	

The Company has not received term loan statements from any of the lenders (except Indusind Bank) for F.Y. 2020-21 in spite of repetitive follow-up. Hence difference in balance as per books and as per bank records is not being quantified as on March 31, 2021. Further, the Resolution Professional and auditor has requested for independent confirmations from all the lenders. However, except one lender no response has been received from any other lenders till date. The reconciliation of the balances will be done after receiving the statements from the lenders

Few banks have reversed unrealized interest from the term loan account of the subsidiary as per Income Recognition and Asset Classification (IRAC) norms of RBI. Further, as per the sanctioned terms for the purpose of SDR, the interest rate applicable to the company is one year MCLR as on 01st Aug of every year of Allahabad Bank (merged with Indian Bank from Apr 01, 2021) + Spread of 1.40%. The lenders have not reset the interest rate as per the SDR agreement and this has been taken up by the Company with the lenders in various discussions and joint lenders meeting. But, there is no response on the interest rate reset by the lenders and all the lenders have continued to charge the interest @ 10.95% only. Accordingly, the Company is accounting interest expense on Term loan in books of accounts @ 10.95% (i.e. effective interest rate prevailing in 2017) though subsequently there is reduction in one year MCLR of the lead bank and this has resulted into excess booking of interest expense by Rs. 11.37 Crores approximately for F.Y. 20-21 (cumulative for the period August'17 to Mar'21 - Rs. 27.76 Crores approximately). However, as the liability of the company to pay this interest continues, the reversal has not been considered in the books of company.

## L&T Infrastructure Development Projects Limited

Notes forming part of the Consolidated Ind AS Financial Statements for the year ended 31 March 2021

64 One of the group companies has the obligation to pay the premium to NHAI as per the Concession agreement. The Company submitted its application vide its letter ref. no. L&TDTL/NHAI-M(F)/2018-19/21A/21 dated February 20, 2019 for deferment of premium with NHAI. The Company had received the approval from the Authority (NHA) vide its letter dated October 30, 2019 for deferment of premium with the condition of repaying all the past liability due with interest @ RBI bank rate + spread @ 2% (currently @ 6.25%) on quarterly compounding basis and furnishing of Corporate Guarantee by the Company. NHAI approved the deferment on March 26, 2021 without furnishing of Corporate Guarantee by the Company and also entered into Supplementary agreement -II to Concession agreement with the Company on the same date. Accordingly, the carrying value of the deferred payment liabilities have been restated to provide the impact of the deferment agreement in the books of accounts for the year ended March 31, 2021. The Net Gain on restatement of the liability has been accounted in the books of accounts for the year ended March 31, 2021. The deferment approval is subject to payment of interest @ RBI bank rate + spread @ 2% (currently @ 6.25%). Accordingly, the Company has estimated the interest payable on NHAI premium till the end of the concession period and discounted the same to comply with the Indian Accounting Standards and the impact of the same was accounted in the books for the year ended March 31, 2021.

65 Force Majeure (FM) Events during the year in Group Companies:

i) Impact of COVID-19 in NHAI/MoRTH toll projects

The Government of India had announced the nationwide lock down with effect from Mar 25, 2020 & accordingly the National Highway Authority of India ("NHAI") ordered for suspension of tolling in the country due to the Pandemic effect of COVID 19. However, the operations at all Toll Plazas of the Group Companies to continue with respect to the regular maintenance and operations of the Plazas.

The Group Companies has declared the above event as an Event of force majeure and notified to respective authority as per the provisions of the Concession agreement. On resumption of Toll collections, the Group companies has filed their claim of reimbursement of expense as the Concession agreement as force majeure claim for the toll affected period. Accordingly, an amount of ₹ 39.90 crore is accounted as receivable from MoRTH/NHAI as

ii) Farmers' Unrest :

During the current year, due to Farmers' unrest there was disruption of tolling in one of the subsidiaries from December 25, 2020. The same has been considered as FM event since the local authorities/administration could not provide support for enabling toll operations at Toll Plaza. The subsidiary has notified NHAI vide letter dated March 30, 2021 about the same as event of Force Majeure under provisions of CA. The Force Majeure event continued as of March 31, 2021. Claim will be lodged on resumption of Toll operations. The claim is unquantifiable as of March 31, 2021 and the same is not accounted in the books

66 One of the subsidiaries of the Company has secured a contract for construction of Rajkot-Jamnagar-Vadinar Road to make it Four Lane Divided Carriageway Facility under Viability Gap Funding Scheme of Government of India on Build, Operate and Transfer (BOT) Basis (Project Highway). Subsequently, a Concession Agreement (CA) was entered into between RVTL and Gujarat State Road Development Corporation Limited (GSRDC) on 17.09.2008 for the same.

Also it was recognized by the GOG that to enable the implementation of the Project Highway including to facilitate its financing, operation and maintenance on BoT basis in accordance with the CA, the support of the GOG was extremely necessary. Therefore, a tri-part agreement viz. State Support Agreement (SSA) was entered on 11.9.2009 between the GOG, GSRDC and the Company

However, during the commercial operations GOG did not fulfill its obligation as agreed and undertaken under the SSA, and consequently, the Company incurred/suffered revenue losses and other losses. GOG failed to take appropriate measures as per the SSA to ensure law and order at the toll plaza which resulted in loss of revenue and additional cost on the Company. Therefore, the Company vide letters dated 13.09.2017 and 28.11.2017 notified its disputes in terms of Clause 9.2 of the SSA.

Since the Dispute could not be settled, the Company vide letter dated 4.1.2019 requested GOG for amicable settlement in terms of Article 9.3 of SSA. Accordingly, GOG vide letter dated 21.02.2019 fixed the conciliation meeting on 1.03.2019. However, the dispute remained unresolved in the said meeting. Therefore, the Company issued Arbitration notice dated 24.04.2019 to GOG along with the description of claims and nominated their nominee arbitrator. The same was objected by GOG as the dispute was not arbitrable as they are not party to the claim.

Hence, RVTL has filed the application under section 11(2) of Arbitration and Conciliation Act for appointment of Arbitrator before the Gujarat High Court.

In addition to the above the Company has invoked arbitration for resolution of its long pending claims related Dispute with GSRDC for an amount of ₹ 27.56 crore including interest before the Arbitral tribunal & subsequently GSRDC has submitted counter claim for an amount of ₹ 37.10 crore

In respect to the same pleadings for claim raised by the company is completed & with respect to counter claims raised by GSRDC, the company has filed Section 16 application under the Arbitration and Conciliation Act that the tribunal has no jurisdiction to adjudicate the counter claims.
