### L&T Heavy Engineering Flags Off Complex Tubular Reactors to China ahead of schedule

**Hazira (Surat, Gujarat), August 06, 2021:** The heavy engineering arm of Larsen & Toubro, has flagged-off 4 nos. critical Propylene Oxide (PO) Reactors manufactured for the first time by L&T for thyssenkrupp Industrial Solutions AG, (tkIS) Germany for a project in China. The flag-off ceremony took place at L&T's Hazira Manufacturing Complex in the virtual presence of dignitaries from tkIS Germany, tkIS India and L&T.

These reactors will play a crucial role in the propylene oxide production plant based on the Evonik-Uhde HPPO technology. The manufacturing of these Large Tubular Reactors involved duplex stainless steel tubes, weld-overlays with stringent chemistry and welding controls.

**Commenting on this occasion,** Mr Christopher Gasch, Project Procurement Manager, thyssenkrupp Industrial Solutions AG, Germany said, "We are delighted by the open, trustful and result oriented approach of Team L&T in manufacturing these complex PO Reactors meeting high level of Quality, Workmanship and Safety requirements while achieving early delivery. Amidst unprecedented Covid-19 pandemic challenges, tkIS and L&T's collaboration through technology & digital means paved way for such a seamless project execution. We consider L&T as a valuable partner for such challenging projects in the times ahead".

**Mr Anil V. Parab, Senior Vice President and Head, L&T Heavy Engineering** said "*We thank thyssenkrupp Industrial Solutions AG for entrusting L&T with this opportunity for supplying these important reactors during pandemic. Delivering reactors ahead of schedule is a matter of great pride for us and is a testimony to our commitment of reliable performance to our global clients*".

L&T Heavy Engineering supplies high technology reactors and systems to global companies in Refinery, Oil & Gas, Petrochemical, Fertilizer & Nuclear Power industries.

#### **Background:**

Larsen & Toubro is an Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
