# L&T Signs Agreement to Divest Singoli-Bhatwari Hydroelectric Project

**Mumbai, August 11, 2021:** Larsen & Toubro, today announced the divestment of 100% stake in the 3 x 33 MW (99 MW) run of the river hydroelectric power plant owned by its subsidiary L&T Uttaranchal Hydropower Limited (LTUHPL) to Renew Power Services Private Limited, a wholly owned subsidiary of Renew Power Private Limited. This is in line with the declared L&T focus of divesting non-core assets and improving shareholder value.

The transaction is subject to completion of customary closing conditions and closing is expected to take place before 30<sup>th</sup> September 2021. The sale consideration is ₹ 985 Crs.

“This development is a significant step in our effort to unlock the value of some of our power development assets to streamline and allocate capital to create long term value for our shareholders,” said **Mr. D K Sen, Whole-time Director, Larsen & Toubro**, describing the sale of the asset. “It represents our strategic effort to increase focus on our core strengths and exit others to move towards becoming a more asset-light organization.”

Speaking about the acquisition, **Mr. Sumant Sinha, Founder, Chairman, and CEO of ReNew Power**, said, “Given that the asset is already operational, the acquisition is not only value accretive for us but also presents a lower level of risk. It strengthens our ability to provide firm and round the clock power to the grid and compliments our solar and wind assets, filling up an important position in our portfolio. We will be looking to acquire more hydro assets in future as they are the best clean balancing sources for intermittent renewable energy.

### About Larsen & Toubro:

Larsen & Toubro is an Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
