L&T Construction Awarded (Significant*) Contract for its Water Effluent Treatment Business

Mumbai, September 07, 2021: The construction arm of L&T has secured a significant order for its Water & Effluent Treatment business in India.

The business has won an order from a state-utility organization to implement rural water supply projects providing Functional House Tap Connections (FHTC) under the Jal Jeevan Mission.

The business has been entrusted to implement rural water supply projects to provide potable water to 800 villages. The scope comprises Tube Wells, Pump Houses cum Chlorination Rooms, Overhead Tanks, Treatment Systems, Solar Plants, Rising Main & Distribution Pipeline Network, Staff Quarters, Individual House Connections, etc. including allied Electromechanical & Automation works.

In addition to this order, the business is executing Water Supply Schemes in several rural areas, across various states.

Background:

Larsen & Toubro is an Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
