CADET TRAINING SHIPS

Cutting Edge Training, Capable Naval Force

THE DECISIVE EDGE across the spectrum

L&T Defence – a leading Indian private-sector developer and producer of armaments and allied equipment and systems – is a part of Larsen & Toubro, a multi-billion-dollar Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services.

The business provides design-to-delivery solutions for defence equipment, fully-integrated platforms and autonomous systems for deployment across land, sea and air – delivering the decisive edge across the spectrum.

Cadet Training Ships

L&T Defence offers Cadet Training Ships (CTS) capable of providing comprehensive Sea Training to Naval Cadets. The Ship can perform secondary roles as Hospital Ship, Humanitarian Aid and Disaster Relief (HADR), Non-Combatant Evacuation Operations (NEO) and Search & Rescue Operations (SAR).

L&T Defence designs these Ships in-house, undertaking the complete cycle from Concept Design to Production drawings at its Warship Design Center, staffed with experienced Design Specialists and equipped with state-of-the-art IT infrastructure.
